RIVER TERMINALS A WAR-TIME NECESSITY

Great Delegation from Hudson Valley Urges Barge Canal Work Upon Legislature---Completion of Waterway System to Solve Problem of Freight Congestion.

Barge canal terminals for the Hudson Valley as a war-time necessity were urged by a united delegation of eighty business and professional men from Kingston, Newburgh, Poughkeepsie and Yonkers before the senate finance committee Wednesday afternoon when a hearing was held on the Walton bill appropriating $950,000 for such structures in the four cities named. Members of the legislature in attendance pronounced the hearing one of the best of the session, the brevity and excellence of the arguments used and the united front presented by the localities interested making a deep impression.

To judge from the expressions of Senator Sage and other members at and after the hearing, the terminals plans are favored but the matter of financing the same is a problem at this time when the state is being called upon to expend large sums in connection with the national defense.

Senator Walton, the introducer of the bill, was in evidence throughout the hearing and introduced the different speakers. The members of the finance committee gave careful attention to the facts presented and Chairman Sage made many notes of the same.

Geneva Man Came First.

It was after 3:30 o'clock by the time the senate had adjourned its session and the finance committee announced itself in readiness to open the hearing. After a few minutes of the time had been taken up by a man from Geneva, who wanted a terminal built in that city on the shores of Seneca Lake, where the state has already expended $7,500,000 in building a canal to Cayuga Lake, the Hudson Valley project was taken up.

Fred W. Wilson of Newburgh, chairman of the barge canal terminals committee of the Hudson Valley Federation, was the first speaker called upon by Senator Sage, chairman of the finance committee, who presided. Mr. Wilson traced the history of the legislation and the movement for the terminals and stated that the cities and villages of the Hudson Valley were solidly behind the bill introduced by Senator Walton.

Mr. Wilson pointed to the state's policy in expending millions on the barge canal undertaking up-state and providing more millions for the terminals in cities and villages along the waterway, saying that communities along the Hudson should not be prevented from securing terminals appropriations simply because that waterway was the work of the creator and not of man.

Senator Sage Feared Row.

At this stage, Senator Sage manifested his interest by asking questions as to how the $950,000 appropriation was to be divided.

"Isn't there a prospect for a good row among these four cities?" he asked.

Mr. Wilson assured him to the contrary, stating that $150,000 was for the acquisition of sites and the remainder was to be divided evenly among the four cities, the plan having been gone over with the state engineer and superintendent of public works.

Senator Sage stated that Geneva offered to provide sites and that the city of Albany had provided sites free to the state for its terminals. It was later brought out that Kingston had offered a site free.

Big Territory Served.

Mayor Palmer Canfield, Jr., the next speaker, stated the emphatic belief of citizens of Kingston that the proposition was fair and just and also necessary. The Hudson river he described in a geographical sense, as a logical extension of New York Bay as far north as Kingston and presented some interesting statistics as to the 32,000 farms along the river banks in this section, a territory with an acreage of 2,500,000 acres, valued at $100,000,000 exclusive of buildings. How 46 places had shared in the $19,500,000 referendum appropriation to the disadvantage of the Hudson Valley which voted for such bond issue, was cited, together with facts about Kingston. This city, the geographical center for a market area of 1,200 square miles, with three railroads, steamship lines, the Cornell Towing Company, and the Rondout harbor where three miles of the creek is navigable, was held up as an ideal spot for the investment of the sum specified for a terminal. In addition, the state already has an option on a Kingston site without any cost whatever to the state.

Federal Government Needs.

The most important points brought out by the mayor included the fact that the federal government only awaits assurance from the state that it proposes to build suitable terminal facilities along the Hudson river before proceeding with the deepening of the river; he also emphasized the tremendous development along the Rondout creek in the boatyards where many boats are now being constructed and where the government has placed orders for submarine chasers for immediate use. On account of the congestion in railroad traffic, a condition which will be worse once hostilites are actually begun, the mayor said conditions would be almost unbearable and the terminals would afford a considerable relief.

"The governments of Europe in spite of the war," said the mayor, "are carrying on their interior work in waterway development more and more." With the Panama canal, the complete barge canal and perhaps the intracoastal canal and the deepening of the Hudson, transportation on the river is destined to experience a great development and he earnestly urged a favorable report on the pending bill.

Senator Sage interrupted the mayor at one stage to say that there was no question on the part of the committee as to the Hudson river being an integral part of the state waterway system. It was only a question as to the appropriating of the money at this time.

Alexander Stokes of Yonkers told of the application that city had made under the law for a terminal and of its not being mentioned in the referendum. He declared that conditions at this time make it imperative that the barge canal system shall serve the purpose for which it was created and that it should be made efficient in every way, the construction of terminals in the Hudson valley cities named being essential parts of the whole structure.

Four Pulling Together.

The cordiality of the four localities interested in the present bill was cited by Judge Arnold of Poughkeepsie, who presented a forceful argument, pointing to the Bridge City as the north end of deep sea shipping on the river. He said that lumber from the Pacific coast was now received by way of the Panama canal at Poughkeepsie and there distributed in smaller boats to be sent west as far as Chicago, the freight being lower and the time less than it took for railroad shipments directly across the continent from the west.

Judge Arnold said the question before the committee was whether or not it was justified in approving this expenditure at this time and said it would be wisdom for it to act favorably to the end that the terminals might be put to the uses intended as soon as possible.

Villages Join Forces.

President R. E. Leighton, of the Kingston Chamber of Commerce, laid stress upon the wide measure of support for the bill in this section, stating that New Paltz, Marlborough, Saugerties and Catskill were with the proposal believing that it would enhance the wealth and prosperity of the state as well as of the localities directly affected. He stated that the people in this section, believed themselves justified in asking that the state extend to these four cities the same facilities that it has so liberally given upstate. Mr. Leighton presented the resolution passed by the Chamber of Commerce on this subject.

Dr. N. A. Warren, president of the Yonkers Chamber of Commerce, spoke briefly comparing the canal at present with a wholesale house without a retail department for the service of all places within its zone.

David C. Fulton, city engineer of Yonkers, discussed the advantages of water transportation and the importance of that city of 100,000 people as a distributing center.

"How long will it take to construct the terminals if the money is available now?" said Chairman Sage.

Need is a Present One.

"A season should do that," said Mr. Fulton, "if granted now there is no reason why we should not have our terminals next year. If it goes over this year, that will mean another year's delay in addition."

Professor S. R. Shear of Poughkeepsie spoke of conditions there and in Kingston, saying that the terminals would practically make the four cities seaports and that the plan was merely the actual completion of the original waterway system.

President Sherck, of the Poughkeepsie Chamber of Commerce, referred to the recent conference with the state engineer at which the state had decided to rush the work of completing the barge canal proper, taking over the contract at Lyons and pushing things "as an absolute necessity in time of war."

Rotary Club's Broad View.

Arthur C. Connelly of Kingston, speaking for the Rotary Club, said that while interested in the city that body had a broader view in desiring the fullest possible commercial development of the state. Every argument that has been used for expenditure on any part of the canal is equally cogent here, he said, and declared it a sound financial policy to expend money for these terminals.

Attorney Connelly declared that by doing nothing to make the waterway system accessible below Albany the state would be short-sighted, in-

HOME DEFENSE COMMITTEE IS NOW READY FOR WORK

Judge Hasbrouck Elected Chairman of Ulster County Committee at Meeting Held Wednesday Evening---Awaiting Definite Plans From Albany---Offers of Service Received.

The Home Defense Committee for Ulster county, recently appointed at the request of Governor Whitman as part of the war program on which federal and state authorities are at work, organized at the court house Wednesday evening by the election of Judge G. D. B. Hasbrouck as chairman, Major Dwight Divine of Ellenville as vice chairman, and Edward Coykendall of this city as secretary. The other members of the committee are Martin Cantine of Saugerties, Major George Chandler and John D. Schoonmaker of this city and Former Congressman Frank J. LeFevre of New Paltz, all of whom were present.

County Judge Jenkins who with Mayor Canfield and Chairman Hartshorn of the board of supervisors appointed the committee, was present and read to the committee the communication from Governor Whitman requesting the appointment of such a committee for Ulster county, and the organization of the committee followed by the election of the officers stated. The secretary was authorized to employ an executive secretary whenever in his judgment the work of the committee, which admittedly will be large, requires it.

Judge Jenkins and Mayor Canfield presented to the committee telegrams which had been received from the Recruiting Bureau at Albany requesting them to ask the committee to appoint at least one of their number to attend a conference at the state education building at Albany next Monday afternoon at 2 o'clock, at which time the state authorities expect to be prepared with plans and instructions for the Home Defense Committee of each county in the state in regard to their duties and the work which the state will expect of them, more particularly in reference to procuring a military census of each county. Former Congressman LeFevre was designated to attend the Albany conference and will report to the Ulster County Committee later.

The state military authorities have prepared a tentative scheme for each Home Defense Committee to follow, but the plan has not yet had the official sanction of the proper authorities. It includes, however, as previously outlined in the communication from Governor Whitman already published in The Freeman, the appointment of various committees to carry out the detailed work that will be required by the state. In this connection, Martin Cantine explained the plan already adopted in Saugerties, where a committee of nine had been authorized, consisting of one member from each election district in the town. This committee will work as a unit under the direction of the County Home Defense Committee, but each member of the Saugerties Committee of Nine will appoint sub-committees in his respective district in order to expedite the work, which will be so arranged that one committee will not interfere with another, thus covering the ground thoroughly while at the same saving the duplication of labor.

Communications were received from the Ulster County Farm Bureau, offering its services to the committee; from the Chamber of Commerce, to the same effect, both of which communications have been published, and from Captain Everett Fowler, offering the services of the Clinton Guards. These communications will be acted on as soon as the plans of the state authorities for County Home Defense Committee are made known. Similar action will be taken when committees are appointed with reference to a telegram from the Recruiting Committee of Mayor Mitchel's Home Defense Committee of New York city, which is trying to stimulate recruiting by a proper observance of Paul Revere's ride on the anniversary of its occurrence, the celebration including its recital or presentation in schools and theaters, and a reproduction of the ride.

During the discussion of matters which will come before the committee, Major Divine graphically described the conditions attendant on the draft riots in New York city during the Civil War, and the study he had given to the subject of universal training and selective conscription. The latter plan, in his judgment, was the most just to everyone and the most effective under existing conditions. The committee was unanimous in expressing the same judgment, and on motion of Major Chandler a resolution was adopted described in the following telegram which was sent to Congressman Ward at Washington:

"The Home Defense Committee of Ulster County have just passed a resolution requesting you to support the selective conscription program advocated by the president."

The committee expressed its unanimous approval of upholding the program of defense prepared by President Wilson, and to the limit of its ability will co-operate with the federal and state authorities.

The committee adjourned to meet next Thursday afternoon at five o'clock at the court house.

PROHIBITION POSSIBLE TEMPORARY WAR MEASURE

Cabinet Considering the Matter as a Purely Economic Question, Regardless of Attitude of Enthusiasts---Restrictive Action, at Least, Will Be Taken.

By Telegraph to The Freeman.

Washington, April 12—Anti-liquor forces are standing today on the threshold of their greatest victory. The final drive of the prohibition forces is nearing completion. For under the lash of war and economic necessity, the administration is seriously considering the suppresson of the manufacture of alcohlic liquors for the duration of the war at least.

Prohibition and temperance advocates are exerting every pressure known to the art of conviction to bring this about. Once the manufacture of liquor is stopped, once the vast machinery of the distilleries is halted they believe that it will never be resumed.

The moral side of the question is not being considered by the government. That, they believe, is a moot question much to be said "for and agin it." But facing a forty per cent reduction in the wheat supply stringent remedial measures are absolutely essential.

To this end has been placed before President Wilson and his cabinet figures showing that by stopping the manufacture of liquor here will be an annual saving of 600,000,000 bushels of grain. It is known that the matter has been discussed by the cabinet.

Some sort of drastic action against the liquor traffic is assured. Of that there can be no doubt. Only the form the action will take is being debated.

The liquor forces in Washington have marshalled their forces. They have pointed out to the government that if the manufactue of their product is stopped it will mean the loss of millions and millions of dollars annually to the national treasury. They have urged that with the government floating the most gigantic loan in the history of the world finance, $7,000,000,000, every dollar in revenue is going to be needed.

A form of sop has been thrown to the liquor people by the argument that the government would not suppress the "sale" of liquor, but only the "manufacture" in order to conserve the nation's grain.

Two propositions are before the administration—stop the manufacture of liquor, or raise the taxes on its production to such a prohibitive degree that it will offset, or nearly so, the loss of the grain that goes into it. Prohibition advocates favor the former, but they feel that in either event they have won a victory in the cause for which Neal Dow and John B. Gough devoted their lives.

ARSENAL EXPLOSION PURELY ACCIDENTAL

By Telegraph to The Freeman.

Philadelphia, April 12.—One man was killed and another probably fatally injured about ten thirty last night when a detonating fuse exploded at the government arsenal at Frankford, four miles northeast of here. The dead man is J. McNally. Josepn Miller, the injured man, is dying at the Frankford Hospital.

Both men are arsenal workers. Major Pelot at the arsenal this morning said the explosion was accidental. In disassembling a timer from a fuse, workmen are cautioned to stand behind a concrete butt. This the two men did not do, he said.

Repairing German Liners.

By Telegraph to The Freeman.

New York, April 12.—The work of repairing damage done to the machinery of five German ocean liners lying in the Hudson river was commenced today by a force of machinists and boiler makers in the employ of the government. The ships on which work was begun are the Allemania, the Hamburg, the Kaiser Wilhelm II, the Prinz Eitel Friederich and the Prince Joachim. The full extent of the damage to machinery by the German crews has not been made public.

Major Burke Dead.

By Telegraph to The Freeman.

Washington, April 12.—Major John M. Burke, scout in Indian wars for more than half a century and for years chief press agent for Col. William F. Cody (Buffalo Bill), died in Providence Hospital here today of pneumonia. He was 74 years old. Major Burke had been failing ever since the death of his old time companion, Buffalo Bill.

BRITISH ADVANCE ON ARRAS FRONT

By Telegraph to The Freeman.

London, April 12.—Fighting their way forward through a blizzard, the British captured two more important positions from the Germans on the Arras battle front today, the war office announced at noon.

Both positions were north of Vimy Ridge around which bloody fighting raged all night in the snow and darkness.

The British captured a number of prisoners.

Two strong counter attacks were made by the Germans against the positions on Vimy Ridge, previously taken by the Canadians, but both were repulsed.

The official communication says the Germans suffered heavy losses.

South of the Scarpe river the British have continued their attack, making "satisfactory progress."

BRISK DEMAND FOR LEADING STOCKS

By Telegraph to The Freeman.

New York, April 12.—Nearly all of the leading stocks were in brisk demand today in the early trading with U. S. Steel Common moving up ⅝ to 112, while Marine Pfd. rose ⅞ to 86, and Marine Common ¾ to 32. Some of the specialties also showed strength in the first few minutes. General Electric advanced to 169½, and Lackawanna Steel made a gain of 2½ to 85½. Union Pacific opened up ⅞ at 137½, and fractional gains were made in a number of other railway issues. Industrial Alcohol made an opening gain of 1½ at 114, but quickly dropped to 111¾. Ohio Cities Gas advanced 1½ to 134. American Smelting was a strong feature in the early dealings, advancing 1 point to 101. Mexican Petroleum fell ½ to 85. Central Leather gained a point to 87 and a number of the low priced industrials followed with fractional advances.

Hornbeck Estate Appraised.

County Treasurer Schantz as appraiser under the taxable transfer act has filed his report of appraisal of the estate of C. Howard Hornbeck of the town of Wawarsing. The personal property amounts to $11,480.79; the real estate is valued at $200; the debts, commissions, expenses of administration, etc., amount to $3,571.75, leaving a net estate of $8,109.04, on which the inheritance tax amounts to $31.09. Jean L. Hoornbeek, the executor, was represented by Raymond G. Cox; Joseph H. Vanderlyn appeared for the state comptroller.

PATRIOTIC DUTY TO PLANT HOME GARDEN

Real Service Can be Rendered Right Here in Kingston and Speakers at Ponckhockie School Tell How It Can Be Done.

The first of a series of neighborhood meetings to be held this month in the city schools to discuss the question, "What Can I Do to Serve My Country?" took place Wednesday evening at the Ponckhockie school on Delaware avenue, under the auspices of the Parent-Teachers' Association of the school, and the most intense interest was manifested, the speaker of the evening being accorded a hearty reception. Those who spoke were Professor Robert J. Service of the high school, Superintendent M. J. Michael and A. W. Hoffman of the Garden Committee.

The fact that it is the duty of every one who has a back yard to plant it this year was made manifest. The speakers emphasized the fact that we can all serve our country in a practical way. The adopting of resolutions of loyalty was all right in its way, but if our patriotism stopped at that it did not amount to much. It is necessary for some people to have a "hurrah boys" and wave the flag, but sometimes that was as far as patriotism got with them.

Conditions We Face.

In the first place we want to realize the actual conditions we are facing today. If anything is said about the conservation of our resources you will hear some one jump up and say, "Oh, the war is over on the other side."

Then there is the Jingo element which was heard in Europe over two and one half years ago, and especially heard in England "We can lick all creation," but the war is still going on. Here in America we are in very much the same condition as England was; we are reckless and wasteful, we do not realize the necessity for conserving our supplies. We all can serve, produce more, consume less; by doing something instead of trying to do some body.

Will Settle War.

The question of the food supply is one of the questions that will in time settle the war. That is the great problem confronting us. Without war on our hands we have been feeding the millions in Europe and our supplies are getting low.

Even if not a shot is fired by our army, at the end of the year we will have a million men taken from the producing lines of work and placed in training camps to learn to become soldiers. These men must be fed by the government. With a shortage in the wheat crops this year of 50,000,000 bushels less than last year's short crop what is going to happen? In 1915 this country had a bumper wheat crop, and yet with a bumper crop we paid more for food products than in previous years, and necessities of life are still jumping in price. The crop this year is 243,000,000 less than in 1915. And don't forget this was without our being at war.

Serving Our Country.

By serving ourselves, we serve our country. The first duty of a citizen is self support to keep himself and family from becoming a burden upon the public. We have the land to raise the crops in this country but if we, without a war and without raising an army, could not get labor to work the land and plant the crops what is going to happen to us when 1,000,000 men are taken and placed in training camps?

A Patriotic Duty.

It is the patriotic duty of every one to utilize every vacant piece of ground. But you say what does it amount to? I can't seewhere I am aiding my country?

In Kingston we have no real tenement district and as a rule the houses are all detached each having its own backyard. There are 6,000 families in the city and 5,000 houses. We can estimate that of this number 2,500 have backyards.

Now suppose that each of these 2,500 backyards raise $10 worth of vegetables. That means $25,000 worth raised in Kingston alone. Now is other cities and villages do the same thing you can easily see that it amounts up into millions.

Objections Are Raised.

When you begin to talk backyard gardens, objections are raised by some people.

The first objection that is likely to be raised is that it don't amount to anything and what little one does is not going to save the country. It is true that $10 in your back yard is not going to save the country, but with $10 in each of 2,500 back yards in one town, and then have the same conditions all over the country, you have a big proposition.

Then another objector says that last year he expended $50 worth of his time in raising $15 worth of garden truck in his back yard and that he is not going to bother with it this year as it does not pay.

Now that objector probably worked his garden in his spare time and his time spent in the cultivating of the garden was actually worth $50, but suppose there was no market for his spare time and that he could not sell it? What then? Then again he should not overlook the benefit he received from the exercise working in the garden.

It Can be Done.

What could be raised and what has been raised from a strip of ground 30 by 50 feet was entertainly told by one of the speakers. He said that as he had glanced at some of his neighbor's backyards in the city he had found that the greatest crop raised was tin cans and clam shells. If the yards were cleaned up and vegetables planted how much more of a benefit it would be to the property and improve its sightliness as well.

The mere fact that you have a small piece of ground should not deter you from having a garden even if you plant but a few tomato plants.

Your Duty to Your Country.

The speakers emphasized the fact that it was the duty of every resident in Kingston who could do so to plant a garden this year. The government has asked all to do it as a patriotic duty. It is the one thing you can do for your country if you are not qualified to enlist.

The man who makes two rows of beans grow in his backyard where never a one grew before is doing patriotic service for his country.

Will Have Aid.

The speakers outlined the fact that when planting time comes those who have not had previous experience in planting a garden or who desired information should get in touch with the Chamber of Commerce committee. It was also stated that there would be formed neighborhood planting classes when free instruction would be given by some one who had had experience in back yard gardens.

Vacant Lots.

Attention was called to the fact that the vacant lots should be utilized in planting and it was stated by the speakers that it was the idea to have all having vacant lots they were willing to allow to be used for planting, should get in touch with Secretary Canfield, of the Chamber of Commerce or fill out the blank found in The Freeman.

The idea is to have men who have no yard space for gardens be given a place to plant.

Not Charity Movement.

This is not a charity movement by any means. It is patriotic pure and simple. If you have a vacant lot or want space to plant you should get in touch with the Chamber of Commerce committee the speakers made plain. The only way to keep down the high price of food is in the back yard garden movement. The country needs the vegetables that will be raised and the amateur back yard gardener will be doing a real and patriotic service.

High School Training.

Professor Service gave a clear and interesting account of the work being done in the manual training department at the high school. He made it clear that the students were not learning a trade, for that they could do only under actual trade conditions, but by learning the elementals of the various trades they could feel out the various lines of employment and would receive a better idea of what they were better equipped for and what line of endeavor they would like to follow up when they left school.

The students become so interested in the various lines of work that they are willing to stay after school to complete whatever experiment they are working on if interested in it. Among other things taught is printing, but that does not necessarily mean that the student will become a printer.

He told of an incident in Trenton when a young man, 17 years old, went to a large printing office to get a job. He was turned down as they had no use for him, but sent him to the high school and asked the speaker if he could do anything with the boy.

What Happend.

The young man was deficient in English and spelling as well as punctuation. He got an idea of the fundamentals of the trade, and now is a reporter on one of the large papers and when last heard of was trying to secure a position on the staff of a large Philadelphia newspaper.

English Should be Taught.

He emphasized the fact that English was an important study and should be taken in connection with the manual training. He said that at the high school the student in the manual training department took up other studies with his manual training as he needed it to aid his work.

He made it plain that they were trying to inculcate the fact that a man is none the less a man because he has to work with his hands. The collar and cuffs idea of making a mark in the world was not everything as some of the most highly educated men in the country worked with their hands.

When the speaker finished the audience had a much better idea of what was actually being done at the high school in his department. He invited his audience to call at the school at any time and see the work that was being done.

RIVER TERMINALS A WAR-TIME NECESSITY

Great Delegation from Hudson Valley Urges Barge Canal Work Upon Legislature—Completion of Waterway System to Solve Problem of Freight Congestion.

Barge canal terminals for the Hudson Valley as a war-time necessity were urged by a united delegation of eighty business and professional men from Kingston, Newburgh, Poughkeepsie and Yonkers before the senate finance committee Wednesday afternoon when a hearing was held on the Walton bill appropriating $950,000 for such structures in the four cities named. Members of the legislature in attendance pronounced the hearing one of the best of the session, the brevity and excellence of the arguments used and the united front presented by the localities interested making a deep impression.

To judge from the expressions of Senator Sage and other members at and after the hearing, the terminals plans are favored but the matter of financing the same is a problem at this time when the state is being called upon to expend large sums in connection with the national defense.

Senator Walton, the introducer of the bill, was in evidence throughout the hearing and introduced the different speakers. The members of the finance committee gave careful attention to the facts presented and Chairman Sage made many notes of the same.

Geneva Man Came First.

It was after 3:30 o'clock by the time the senate had adjourned its session and the finance committee announced itself in readiness to open the hearing. After a few minutes of the time had been taken up by a man from Geneva, who wanted a terminal built in that city on the shores of Seneca Lake, where the state has already expended $7,500,000 in building a canal to Cayuga Lake, the Hudson Valley project was taken up.

Fred W. Wilson of Newburgh, chairman of the barge canal terminals committee of the Hudson Valley Federation, was the first speaker called upon by Senator Sage, chairman of the finance committee, who presided. Mr. Wilson traced the history of the legislation and the movement for the terminals and stated that the cities and villages of the Hudson Valley were solidly behind the bill introduced by Senator Walton.

Mr. Wilson pointed to the state's policy in expending millions on the barge canal undertaking up-state and providing more millions for the terminals in cities and villages along the waterway, saying that communities along the Hudson should not be prevented from securing terminals appropriations simply because that waterway was the work of the creator and not of man.

Senator Sage Feared Row.

At this stage, Senator Sage manifested his interest by asking questions as to how the $950,000 appropriation was to be divided.

"Isn't there a prospect for a good row among these four cities?" he asked.

Mr. Wilson assured him to the contrary, stating that $150,000 was for the acquisition of sites and the remainder was to be divided evenly among the four cities, the plan having been gone over with the state engineer and superintendent of public works.

Senator Sage stated that Geneva offered to provide sites and that the city of Albany had provided sites free to the state for its terminals. It was later brought out that Kingston had offered a site free.

Big Territory Served.

Mayor Palmer Canfield, Jr., the next speaker, stated the emphatic belief of citizens of Kingston that the proposition was fair and just and also necessary. The Hudson river he described in a geographical sense, as a logical extension of New York Bay as far north as Kingston and presented some interesting statistics as to the 32,000 farms along the river banks in this section, a territory with an acreage of 2,500,000 acres, valued at $100,000,000 exclusive of buildings. How 46 places had shared in the $19,500,000 referendum appropriation to the disadvantage of the Hudson Valley which voted for such bond issue, was cited, together with facts about Kingston. This city, the geographical center for a market area of 1,200 square miles, with three railroads, steamship lines, the Cornell Towing Company, and the Rondout harbor where three miles of the creek is navigable, was held up as an ideal spot for the investment of the sum required for a terminal. In addition, the state already has an option on a Kingston site without any cost whatever to the state.

Federal Government Needs.

The most important points brought out by the mayor included the fact that the federal government only wants assurance from the state that it proposes to build suitable terminal facilities along the Hudson river before proceeding with the deepening of the river; he also emphasized the tremendous development along the Rondout creek in the boatyards where many boats are now being constructed and where the government has placed orders for submarine chasers for immediate use. On account of the congestion in railroad traffic, a condition which will be worse once hostilites are actually begun, the mayor said conditions would be almost unbearable and the terminals would afford a considerable relief.

With the Panama canal, the complete barge canal and perhaps the intracoastal canal and the deepening of the Hudson, transportation on the river is destined to experience a great development and he earnestly urged a favorable report on the pending bill.

Senator Sage interrupted the mayor at one stage to say that there was no question on the part of the committee as to the Hudson river being an integral part of the state waterway system. It was only a question as to the appropriating of the money at this time.

Alexander Stokes of Yonkers told of the application that city had made under the law for a terminal and of its not being mentioned in the referdum. He declared that conditions at this time make it imperative that the barge canal system shall serve the purpose for which it was created and that it should be made efficient in every way, the construction of terminals in the Hudson valley cities named being essential parts of the whole structure.

The cordiality of the four localities interested in the present bill was cited by Judge Arnold of Poughkeepsie, who presented a forceful argument, pointing to the Bridge City as the north end of deep sea shipping on the river. He said that lumber from the Pacific coast was now received by way of the Panama canal at Poughkeepsie and there distributed in smaller boats to be sent west as far as Chicago, the freight being lower and the time less than it took for railroad shipments directly across the continent from the west.

Judge Arnold said the question before the committee was whether or not it was justified in approving this expenditure at this time and said it would be wisdom for it to act favorably to the end that the terminals might be put to the uses intended as soon as possible.

He stated that the people in this section, believed themselves justified in asking that the state extend to these four cities the same facilities that it has so liberally given upstate. Mr. Leighton presented the resolution passed by the Chamber of Commerce on this subject.

Dr. N. A. Warren, president of the Yonkers Chamber of Commerce, spoke briefly comparing the canal at present with a wholesale house without a retail department for the service of all places within its zone.

David C. Fulton, city engineer of Yonkers, discussed the advantages of water transportation and the importance of that city of 100,000 people as a distributing center.

"How long will it take to construct the terminals if the money is available now?" said Chairman Sage.

Need is a Present One.

"A season should do that," said Mr. Fulton. "If granted now there is no reason why we should not have our terminals next year. If it goes over this year, that will mean another year's delay in addition."

Professor S. R. Shear of Poughkeepsie spoke of conditions there and in Kingston, saying that the terminals would practically make the four cities seaports and that the plan was merely the actual completion of the original waterway system.

President Sherck, of the Poughkeepsie Chamber of Commerce, referred to the recent conference with the state engineer at which the state had decided to rush the work of completing the barge canal proper, taking over the contract at Lyons and pushing things "as an absolute necessity in time of war."

Rotary Club's Broad View.

Arthur C. Connelly of Kingston, speaking for the Rotary Club, said that while interested in the city that body had a broader view in desiring the fullest possible commercial development of the state. Every argument that has been used for expenditure on any part of the canal is equally cogent here, he said, and declared it a sound financial policy to expend money for these terminals.

Attorney Connelly declared that by doing nothing to make the waterway system accessible below Albany the state would be short-sighted, in-

HOME DEFENSE COMMITTEE IS NOW READY FOR WORK

Judge Hasbrouck Elected Chairman of Ulster County Committee at Meeting Held Wednesday Evening—Awaiting Definite Plans From Albany—Offers of Service Received.

The Home Defense Committee for Ulster county, recently appointed at the request of Governor Whitman as part of the war program on which federal and state authorities are at work, organized at the court house Wednesday evening by the election of Judge G. D. B. Hasbrouck as chairman, Major Dwight Divine of Ellenville as vice chairman, and Edward Coykendall of this city as secretary. The other members of the committee are Martin Cantine of Saugerties, Major George Chandler and John D. Schoonmaker of this city and Former Congressman Frank J. LeFevre of New Paltz, all of whom were present.

County Judge Jenkins who with Mayor Canfield and Chairman Hartshorn of the board of supervisors appointed the committee, was present and read to the committee the communication from Governor Whitman requesting the appointment of such a committee for Ulster county, and the organization of the committee followed by the election of the officers stated. The secretary was authorized to employ an executive secretary whenever in his judgment the work of the committee, which admittedly will be large, requires it.

Judge Jenkins and Mayor Canfield presented to the committee telegrams which had been received from the Recruiting Bureau at Albany requesting them to ask the committee to appoint at least one of their number to attend a conference at the state education building at Albany next Monday afternoon at 2 o'clock, at which time the state authorities expect to be prepared with plans and instructions for the Home Defense Committee of each county in the state in regard to their duties and the work which the state will expect of them, more particularly in reference to procuring a military census of each county. Former Congressman LeFevre was designated to attend the Albany conference and will report to the Ulster County Committee later.

The state military authorities have prepared a tentative scheme for each Home Defense Committee to follow, but the plan has not yet had the official sanction of the proper authorities. It includes, however, as previously outlined in the communication from Governor Whitman already published in The Freeman, the appointment of various committees to carry out the detailed work that will be required by the state. In this connection, Martin Cantine explained the plan already adopted in Saugerties, where a committee of nine had been authorized, consisting of one member from each election district in the town. This committee will work as a unit under the direction of the County Home Defense Committee, but each member of the Saugerties Committee of Nine will appoint sub-committees in his respective district in order to expedite the work, which will be so arranged that one committee will not interfere with another, thus covering the ground thoroughly while at the same saving the duplication of labor.

Communications were received from the Ulster County Farm Bureau, offering its services to the committee; from the Chamber of Commerce, to the same effect, both of which communications have been published, and from Captain Everett Fowler, offering the services of the Clinton Guards. These communications will be acted on as soon as the plans of the state authorities for County Home Defense Committee are made known. Similar action will be taken when committees are appointed with reference to a telegram from the Recruiting Committee of Mayor Mitchel's Home Defense Committee of New York city, which is trying to stimulate recruiting by a proper observance of Paul Revere's ride on the anniversary of its occurrence, the celebration including its recital or presentation in schools and theaters, and a reproduction of the ride.

During the discussion of matters which will come before the committee, Major Divine graphically described the conditions attendant on the draft riots in New York city during the Civil War, and the study he had given to the subject of universal training and selective conscription. The latter plan, in his judgment, was the most just to everyone and the most effective under existing conditions. The committee was unanimous in expressing the same judgment, and on motion of Major Chandler a resolution was adopted described in the following telegram which was sent to Congressman Ward at Washington:

"The Home Defense Committee of Ulster County have just passed a resolution requesting you to support the selective conscription program advocated by the president."

The committee expressed its unanimous approval of upholding the program of defense prepared by President Wilson, and to the limit of its ability will co-operate with the federal and state authorities.

The committee adjourned to meet next Thursday afternoon at five o'clock at the court house.

PROHIBITION POSSIBLE TEMPORARY WAR MEASURE

Cabinet Considering the Matter as a Purely Economic Question, Regardless of Attitude of Enthusiasts—Restrictive Action, at Least, Will Be Taken.

By Telegraph to The Freeman.

Washington, April 12—Anti-liquor forces are standing today on the threshold of their greatest victory. The final drive of the prohibition forces is nearing completion. For under the lash of war and economic necessity, the administration is seriously considering the suppresson of the manufacture of alcohlic liquors for the duration of the war at least.

Prohibition and temperance advocates are exerting every pressure known to the art of conviction to bring this about. Once the manufacture of liquor is stopped, once the vast machinery of the distilleries is halted they believe that it will never be resumed.

The moral side of the question is not being considered by the government. That, they believe, is a moot question much to be said "for and agin it." But facing a forty per cent reduction in the wheat supply stringent remedial measures are absolutely essential.

To this end has been placed before President Wilson and his cabinet figures showing that by stopping the manufacture of liquor here will be an annual saving of 600,000,000 bushels of grain. It is known that the matter has been discussed by the cabinet.

Some sort of drastic action against the liquor traffic is assured. Of that there can be no doubt. Only the form the action will take is being debated.

The liquor forces in Washington have marshalled their forces. They have pointed out to the government that if the manufactue of their product is stopped it will mean the loss of millions and millions of dollars annually to the national treasury. They have urged that with the government floating the most gigantic loan in the history of the world finance, $7,000,000,000, every dollar in revenue is going to be needed.

A form of sop has been thrown to the liquor people by the argument that the government would not suppress the "sale" of liquor, but only the "manufacture" in order to conserve the nation's grain.

Two propositions are before the administration—stop the manufacture of liquor, or raise the taxes on its production to such a prohibitive degree that it will offset, or nearly so, the loss of the grain that goes into it. Prohibition advocates favor the former, but they feel that in either event they have won a victory in the cause for which Neal Dow and John B. Gough devoted their lives.

ARSENAL EXPLOSION PURELY ACCIDENTAL

By Telegraph to The Freeman.

Philadelphia, April 12.—One man was killed and another probably fatally injured about ten thirty last night when a detonating fuse exploded at the government arsenal at Frankford, four miles northeast of here. The dead man is J. McNally. Joseph Miller, the injured man, is dying at the Frankford Hospital.

Both men are arsenal workers. Major Pelot at the arsenal this morning said the explosion was accidental. In disassembling a timer from a fuse, workmen are cautioned to stand behind a concrete butt. This the two men did not do, he said.

Repairing German Liners.

By Telegraph to The Freeman.

New York, April 12.—The work of repairing damage done to the machinery of five German ocean liners lying in the Hudson river was commenced today by a force of machinists and boiler makers in the employ of the government. The ships on which work was begun are the Allemania, the Hamburg, the Kaiser Wilhelm II, the Prinz Eitel Friederich and the Prince Joachim. The full extent of the damage to machinery by the German crews has not been made public.

Major Burke Dead.

By Telegraph to The Freeman.

Washington, April 12.—Major John M. Burke, scout in Indian wars for more than half a century and for years chief press agent for Col. William F. Cody (Buffalo Bill), died in Providence Hospital here today of pneumonia. He was 75 years old. Major Burke had been failing ever since the death of his old time companion, Buffalo Bill.

BRITISH ADVANCE ON ARRAS FRONT

By Telegraph to The Freeman.

London, April 12.—Fighting their way forward through a blizzard, the British captured two more important positions from the Germans on the Arras battle front today, the war office announced at noon.

Both positions were north of Vimy Ridge around which bloody fighting raged all night in the snow and darkness.

The British captured a number of prisoners.

Two strong counter attacks were made by the Germans against the positions on Vimy Ridge, previously taken by the Canadians, but both were repulsed.

The official communication says the Germans suffered heavy losses.

South of the Scarpe river the British have continued their attack, making "satisfactory progress."

BRISK DEMAND FOR LEADING STOCKS

By Telegraph to The Freeman.

New York, April 12.—Nearly all of the leading stocks were in brisk demand today in the early trading with U. S. Steel Common moving up ⅛ to 112, while Marine Pfd. rose ⅞ to 86, and Marine Common ¾ to 32. Some of the specialties also showed strength in the first few minutes. General Electric advanced to 169½, and Lackawanna Steel made a gain of 2½ to 85½. Union Pacific opened up ¼ at 137½, and fractional gains were made in a number of other railway issues. Industrial Alcohol made an opening gain of 1½ at 114, but quickly dropped to 111¾. Ohio Cities Gas advanced 1½ to 134. American Smelting was a strong feature in the early dealings, advancing 1 point to 101. Mexican Petroleum fell ½ to 85. Central Leather gained a point to 87 and a number of the low priced industrials followed with fractional advances.

Hornbeck Estate Appraised.

County Treasurer Schantz as appraiser under the taxable transfer act has filed his report of appraisal of the estate of C. Howard Hornbeck of the town of Wawarsing. The personal property amounts to $11,450.79; the real estate is valued at $200; the debts, commissions, expenses of administration, etc., amount to $3,571.75, leaving a net estate of $8,165.04, on which the inheritance tax amounts to $31.69. Jean L. Hoornbeck, the executor, was represented by Raymond G. Cox; Joseph H. Vanderlyn appeared for the state comptroller.

PATRIOTIC DUTY TO PLANT HOME GARDEN

Real Service Can be Rendered Right Here in Kingston and Speakers at Ponckhockie School Tell How It Can Be Done.

The first of a series of neighborhood meetings to be held this month in the city schools to discuss the question, "What Can I Do to Serve My Country?" took place Wednesday evening at the Ponckhockie school on Delaware avenue, under the auspires of the Parent-Teachers' Association of the school, and the most intense interest was manifested, the speaker of the evening being accorded a hearty reception. Those who spoke were Professor Robert J. Service of the high school, Superintendent M. J. Michael and A. W. Hoffman of the Garden Committee.

The fact that it is the duty of every one who has a back yard to plant it this year was made manifest. The speakers emphasized the fact that we can all serve our country in a practical way. The adopting of resolutions of loyalty was all right in its way, but if our patriotism stopped at that it did not amount to much. It is necessary for some people to have a "hurrah boys" and wave the flag, but sometimes that was as far as patriotism got with them.

Conditions We Face.

In the first place we want to realize the actual conditions we are facing today. If anything is said about the conservation of our resources you will hear some one jump up and say, "Oh, the war is over on the other side."

Then there is the Jingo element which was heard in Europe over two and one half years ago, and especially heard in England "We can lick all creation," but the war is still going on. Here in America we are in very much the same condition as England was; we are reckless and wasteful, we do not realize the necessity for conserving our supplies. We all can serve, produce more, consume less; by doing something instead of trying to do some body.

Will Settle War.

The question of the food supply is one of the questions that will in time settle the war. That is the great problem confronting us. Without war on our hands we have been feeding the millions in Europe and our supplies are getting low.

Even if not a shot is fired by our army, at the end of the year we will have a million men taken from the producing lines of work and placed in training camps to learn to become soldiers. These men must be fed by the government. With a shortage in the wheat crops this year of 60,000,000 bushels less than last year's short crop what is going to happen?

In 1915 this country had a bumper wheat crop, and yet with a bumper crop we paid more for food products than in previous years, and necessities of life are still jumping in price. The crop this year is 243,000,000 less than in 1915. And don't forget this was without our being at war.

Serving Our Country.

By serving ourselves, we serve our country. The first duty of a citizen is self support to keep himself and family from becoming a burden upon the public. We have the land to raise the crops in this country but if we, without a war and without raising an army, could not get labor to work the land and plant the crops what is going to happen to us when 1,000,000 men are taken and placed in training camps?

A Patriotic Duty.

It is the patriotic duty of every one to utilize every vacant piece of ground. But you say what does it amount to? I can't seewhere I am aiding my country?

In Kingston we have no real tenement district and as a rule the houses are all detached each having its own backyard. There are 6,000 families in the city and 5,000 houses. We can estimate that of this number 2,500 have backyards.

Now suppose that each of these 2,500 backyards raise $10 worth of vegetables. That means $25,000 worth raised in Kingston alone. Now is other cities and villages do the same thing you can easily see that it amounts up into millions.

Objections Are Raised.

When you begin to talk backyard gardens, objections are raised by some people.

The first objection that is likely to be raised is that it don't amount to anything and what little one does is not going to save the country. It is true that $10 in your back yard is not going to save the country, but with $10 in each of 2,500 back yards in one town, and then have the same conditions all over the country, you have a big proposition.

Then another objector says that last year he expended $50 worth of his time in raising $15 worth of garden truck in his back yard and that he is not going to bother with it this year as it does not pay.

Now that objector probably worked his garden in his spare time and his time spent in the cultivating of the garden was actually worth $50, but suppose there was no market for his spare time and that he could not sell it? What then? Then again he should not overlook the benefit he received from the exercise working in the garden.

It Can be Done.

What could be raised and what has been raised from a strip of ground 30 by 50 feet was entertainly told by one of the speakers. He said that as he had glanced at some of his neighbor's backyards in the city he had found that the greatest crop raised was tin cans and clam shells. If the yards were cleaned up and vegetables planted how much more of a benefit it would be to the property and improve its sightliness as well.

The mere fact that you have a small piece of ground should not deter you from having a garden even if you plant but a few tomato plants.

Your Duty to Your Country.

The speakers emphasized the fact that it was the duty of every resident in Kingston who could do so to plant a garden this year. The government has asked all to do it as a patriotic duty. It is the one thing you can do for your country if you are not qualified to enlist.

The man who makes two rows of beans grow in his backyard where never a one grew before is doing patriotic service for his country.

Will Have Aid.

The speakers outlined the fact that when planting time comes those who have not had previous experience in planting a garden or who desired information should get in touch with the Chamber of Commerce committee. It was also stated that there would be formed neighborhood planting classes when free instruction would be given by some one who had had experience in back yard gardens.

Vacant Lots.

Attention was called to the fact that the vacant lots should be utilized in planting and it was stated by the speakers that it was the idea to have all having vacant lots they were willing to allow to be used for planting, should get in touch with Secretary Canfield, of the Chamber of Commerce or fill out the blank found in The Freeman.

The idea is to have men who have no yard space for gardens be given a place to plant.

Not Charity Movement.

This is not a charity movement by any means. It is patriotic pure and simple. If you have a vacant lot or want space to plant you should get in touch with the Chamber of Commerce committee the speakers made plain. The only way to keep down the high price of food is in the back yard garden movement. The country needs the vegetables that will be raised and the amateur back yard gardener will be doing a real and patriotic service.

High School Training.

Professor Service gave a clear and interesting account of the work being done in the manual training department at the high school. He made it clear that the students were not learning a trade, for that they could do only under actual trade conditions, but by learning the elementals of the various trades they could feel out the various lines of employment and would receive a better idea of what they were better equipped for and what line of endeavor they would like to follow up when they left school.

The students become so interested in the various lines of work that they are willing to stay after school to complete whatever experiment they are working on if interested in it. Among other things taught is printing, but that does not necessarily mean that the student will become a printer.

He told of an incident in Trenton when a young man, 17 years old, went to a large printing office to get a job. He was turned down as they had no use for him, but sent him to the high school and asked the speaker if he could do anything with the boy.

What Happend.

The young man was deficient in English and spelling as well as punctuation. He got an idea of the fundamentals of the trade, and now is a reporter on one of the large papers and when last heard of was trying to secure a position on the staff of a large Philadelphia newspaper.

English Should be Taught.

He emphasized the fact that English was an important study and should be taken in connection with the manual training. He said that at the high school the student in the manual training department took up other studies with his manual training as he needed it to aid his work.

He made it plain that they were trying to inculcate the fact that a man is none the less a man because he has to work with his hands. The collar and cuffs idea of making a mark in the world was not everything as some of the most highly educated men in the country worked with their hands.

When the speaker finished the audience had a much better idea of what was actually being done at the high school in his department. He invited his audience to call at the school at any time and see the work that was being done.

STREET GOSSIP ABOUT TOWN

"I see by The Freeman where the health board was kept busy giving out birth certificates to young men desiring to join the navy," remarked the friend to the street corner politician.

"And that is what you may call real patriotism," replied the politician.

"How about signing pledges of loyalty to the government?" suggested the friend.

"A waste of time," commented the politician.

"How do you make that out?" queried the friend.

"I don't think it necessary to sign any pledge," explained the politician.

"Why not?" asked the friend.

"I'll tell you," said the politician, "my family have been residents of this country for the past hundred years or more. I was born and brought up in the country and I am an American first, last and all the time."

"I grant all that," said the friend, "but why should you not sign a pledge of loyalty?"

"Simply because if I am an American citizen I am loyal to the government and signing a thousand pledges would not make me more so, would it?" replied the politician.

"N-o," confessed the friend.

"Another thing you should bear in mind," continued the politician, "is the fact that the man who is always signing loyalty pledges and standing up when the national emblem is played is not necessarily a patriot."

"I agree to that too," said the friend.

"You can get men to sign anything," continued the politician, "as has been shown in the past few days, but the mere fact of signing a pledge does not make you more patriotic than your neighbor."

"Then I take it you have not signed any pledge as yet," said the friend.

"And what is more, I don't intend to do so either," retorted the politician.

"If a man is a citizen of this country it is taken as a token that he is back of the government," continued the politician, "and that being so I can't see where signing pledges is going to make that fact more emphatic."

"I guess you are right at that," agreed the friend.

"Another thing," said the politician, "I am in favor of preparing a list of names of people who are disloyal to this government, and who object to us fighting any foreign power, and shipping them back to the country they came from."

"But they might not want to go back," argued the friend.

"You hit it there," replied the politician, "you could not hire them to go back, and why they came to this country because they were not given a square deal in the old country."

"That's how I take it," said the friend.

"When a man becomes a citizen of this country," continued the politician, "he renounces all allegiance to the old country and her rulers, and pledges to support this government."

"You are right," agreed the friend.

"That being so," continued the politician, "any man who is not faithful to the oath he took when he became a citizen is a traitor and should be treated as such."

"Then you favor wholesale deportation?" suggested the friend.

"I do," replied the politician, "of any person not favorable to this government and willing to place it first in their hearts and service."

"Then your motto is—" said the friend.

"America first, last and all the time," interrupted the politician.

"As I have said before," continued the politician, "it is not possible for every one to enlist in the army or navy, but every one can be a patriot this summer by putting to use their back, yards, and planting a garden."

"Do you really believe that every one should plant a garden this summer?" asked the friend.

"I believe in it so much," replied the politician, "that I am going to use all the ground I have to plant."

"But you have not got much ground for that purpose," said the friend.

"That is no reason why I should not use what I have," replied the politician.

"I guess I'll do the same," said the friend thoughtfully.

"No reason why you should not," retorted the politician, "for you have even more space than I have."

IDEAL PARK.

Ideal Park, April 12.—Easter Sunday at Ideal Park proved to be a fine, bright day which materially aided in the enjoyment of those of the summer parkites who were fortunate enough to be able to spend the week end here.

Among those who were at the Park over the Easter holiday were Mr. and Mrs. Alfred Post of Philadelphia, Pa., L. E. DeVall of Chester, Pa., J. H. Palen of Brooklyn, N. Y., and several automobile parties from Kingston, N. Y.

Several early anglers were out Saturday in the vicinity of the Park trying their luck on the wily, finny tribe, but we have not as yet begun to listen to the usual spring fish story as most of the luck seems to be with the trout and probably will be for some days, owing to the recent snow and cold weather.

E. E. Matthews and family spent a few days of last week at their bungalow here.

It has been rumored for some time past that the Boerker Dam near Ideal Park is to be used for power purposes, particularly in the generation of electricity to be used for illumination in and around Ideal Park, but of course owing to the absence of any definite information we cannot vouch for the truth of this rumor. However, we all hope this will prove to be true as we are certainly in need of a better lighting system.

Reports of important changes and additions to Ideal Park for the coming season are current, also we are beginning to notice indications of several much needed reforms.

Bungalows seem to be in greater demand this season than at any time in the history of the Park, judging from early inquiries. We have never before had inquiries so early in the year. Every indication points to a prosperous summer for Ideal Park, notwithstanding the present war crisis. Among the improvements already in course of construction is a fine enclosed lawn tennis court being built for Alfred Post. This will be, when finished, one of the finest courts in this section of the country, being of regulation size, cinder and gravel bed and will be entirely enclosed with wire netting.

Old Glory will be much in evidence, as it should be, in the Park, as several are erecting new poles. Among those who are to add these patriotic symbols are J. H. Palen, Mrs. E. DeVall and Alfred Post.

L. E. DeVall left Monday to resume his duties with the Philadelphia Suburban Gas & Electric Company at Chester, Pa.

FLATBUSH.

Flatbush, April 12.—Miss Flora Griffin of New Jersey, with a couple of friends, spent a few days at the Grey Mouse Farm last week.

Mr. and Mrs. Abram Hornbeck spent a few days in Kingston recently.

At the recent election of officers for the Sunday school the following were elected: Miss Maye Osterhoudt, superintendent; C. E. Davis, assistant superintendent; Albert Meyer, Jr., secretary and treasurer; Miss Mabel Cassell, organist; Miss Dorothy Robinson, assistant organist. The school will put up a contest of the Reds and Blues the first of May.

Mrs. Rachel Rappleyea has been spending a few days in Kingston.

The Rev. P. S. Beekman of Johnstown will preach for us on Sunday, April 15.

Albert Myer, Jr., and William Delanoy, who ran away to join the navy, have returned home as they were too young to join without their parent's consent.

Miss Annabel Pearson, who is teaching in Woodstock, spent her Easter vacation with her parents here.

Mrs. Claude Lasher and son, Lauren, of Kingston has been visiting her parents, Mr. and Mrs. Abram Hornbeck.

School has opened again after the Easter week vacation.

Mr. and Mrs. Raymond Osterhoudt spent the week end in Kingston.

Mr. and Mrs. Harold Osterhoudt spent the week end with Mr. and and Mrs. Hornbeck.

Miss Josephine Burhans, who has been ill, is better.

The members of the T. X. T. Club and young people of this place gave a variety shower to Mr. and Mrs. Harry D. Carle at the club house last Saturday evening. They were well remembered by their friends and a very pleasant evening was spent playing cards and dancing.

Our road patrol, John Halwick, is using his auto for road work this spring.

GOOD COMPANY DISHES.

When cooking peas always save the pods for soup, or boil them and strain the liquid, using it to cook the peas in, making a much finer flavored dish. For variety add a bunch of mint to green peas when cooking, this adds a delicate flavor. Always save the water in which vegetables are cooked either for a sauce to serve with them or to add to the soup stock, as valuable mineral salts are soluble in water and are lost if this is thrown away.

Walnut Ice.—Cook to a thread one cupful of granulated sugar, one cupful of water and pour it over three well-beaten egg whites. To this add one pint of whipped cream, one teaspoonful of vanilla, one cupful of chopped walnut meats, folding them into the cream with care. Pack in ice and salt and leave until frozen, then cut in squares to serve.

Hindu Salad.—Shred some crisp white lettuce leaves and arrange them upon salad plates. On these lay four slices of tomato, cover two with chopped celery and onion, the others with finely minced watercress. Pour over a plain French dressing.

Bishop's Bread.—Beat three eggs and add a cupful of sugar, beating until the sugar is well dissolved; add a pinch of salt and flavoring of lemon or vanilla. Then add two cupfuls of flour, sifted, with two teaspoonfuls of cream of tartar and a teaspoonful of soda; a little of the flour may be reserved to cover a cupful of raisins. Spread in a thin sheet in a buttered tin and cover with a cupful of unblanched almonds, carefully cut in strips or in halves. Cut in oblongs or squares before it is cold.

Rolled Beefsteak.—Beat a round steak well and spread with any well-liked stuffing used for fowl. Roll up neatly and tie to keep it in shape. Put it into a dripping pan with a little water and a teaspoonful of vinegar, basting it frequently. When ready to serve spread a tablespoonful of butter over it and make a thickened gravy with the liquor in the pan. Cut as jelly roll when serving.

O'Hare of St. Anthony's Church, Brooklyn, acted as celebrant, the Rev. Rev. J. F. Briody was deacon, and the Rev. Daniel O'Gara was sub-deacon. The Rev. Father Brown acted as master of ceremonies The eulogy was pronounced by the Right Rev. Monsignor O'Hare, a very old friend of the family, who paid very high tribute to the deceased. The honorary bearers were John Rodie, James J. Sheridan, Thomas Cusack, Charles Reynolds, William Simmons, Andrew Barnes, Daniel Donovan and Stephen Dickhaut of Saugerties and the active bearers were employes of the Herbert Brush Company. The floral tributes were many and beautiful, also there was a very large attendance at the church. The remains reposed in a solid mahogany casket which was trimmed with dull bronze trimmings. The interment took place in St. Mary's cemetery, where the remains were placed in a bluestone vault. The Right Monsignor O'Hare and the Rev. John Briody accompanied the remains to the cemetery. The funeral arrangements were in charge of Stock & Cordts, Inc.

Auto and Motorcycle Collide.

An accident occurred at the corner of Broadway and Henry street about 12.10 o'clock noon when a collision occurred between a Ford auto owned by Haggarty Brothers, who run a taxi-service, and a man named Van Steenburgh, who was running an Indian motorcycle. Van Steenburgh crossed over in order to avoid a moving van and ran into the automobile. The motorcycle was badly damaged, its front wheel being smashed, and Van Steenburgh had badly bruised fingers. The Ford car was slightly damaged, with a smashed headlight. Both owners claimed they were on the right side of the road and going at a slow rate of speed.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, April 12.—Another brisk upturn occurred in a number of the market leaders in the late forenoon. Marine Preferred rose to 88, a gain of nealy 3 points so far for the day and the common stock advanced to 33¼, against 31¼ at the close yesterday. Atlantic, Gulf and W. I. was also in brisk demand, advancing 2¾ points up to 107¾. U. S. Steel Common reflected urgent covering of shorts on which the price advanced 1 point to 112½. Strength also was shown in American Smelting which rose 1 point to 101¾ and Anaconda advanced one point to 80⅞. Money loaning at 2½ per cent.

There was little outside interest shown in the stock market during the afternoon. U. S. Steel Common sold as high as 112⅞ from which it reacted to 112⅛. Ohio Cities Gas, which sold as high as 135¼, dropped to 131, and Industrial Alcohol after advancing to 115¼, dropped to 113¾. Bethlehem Steel rose to 128½, from which it reacted to 127½.

The final tone was unsettled. Steel Common after selling at 112⅞, reacted to 111¾ and Atlantic Gulf and West Indies declined from 107¾ to 106¼. Government bonds unchanged; railway and other bonds irregular.

Quotations furnished by John D. Kline Warren Building Fair street, Kingston, N. Y., Tel. 1423. Correspondent of C. H. Van Buren & Company, members of Consolidated Stock Exchange of New York.

The Ladies' Auxiliary, No. 53, of Tappen Camp, S. O. V., will hold a dance next Tuesday evening in their rooms, No. 5 Thomas street. A small admission will be charged. The public is welcome.

Miss Helen A. Stephan and her friend Miss Ruth E. Straight of Hastings, Nebraska, who have been spending the Easter vacation at the home of Judge and Mrs. Stephan on West Chester street, have returned to Lasell Seminary at Auburndale, Mass.

The regular monthly meeting of the Woman's Auxiliary of the Y. M. C. A. will be held at the Y. M. C. A. building on Friday afternoon at 3 o'clock. After the business meeting the Rev. Putnam Cady, of the Elmendorf Street Presbyterian Church, will speak and tea will be served.

Overheated Air.

A rise of temperature in the surrounding air diminishes the amount of oxygen consumed and the amount of dioxide discharged. A fall of temperature has the opposite effect. In addition, the overheated air forms a hot jacket around the body, which prevents the radiation of heat necessary to keep the body in a healthy condition. With a sedentary occupation a temperature of from 65 to 70 should be maintained for comfort and health.

Standard Time.

Standard time is a uniform system of time reckoning in the United States and Canada adopted in 1863 by the principal railways, and since then by the principal cities and towns of both countries. By this system the continent is divided into four sections, each extending over 15 degrees of longitude (making a difference of time of exactly one hour) the time prevailing in each being that of its central meridian.

Where Brown Trout Live.

In streams no longer favorable to the brook trout, and there are many such due to logging operations, pollution, etc., the English brown trout, by nature a hardier fish than our native fish, will still thrive, and such streams may be made to furnish good sport and a valuable food supply by stocking with brown trout.—All Outdoors.

WOMEN TILL GROUND TO OFF-SET FOOD SHORTAGE.

New York women are today responding to the call for active service. Every walk of life has its feminine recruits. The different societies that have been at work tabulating the woman force of the country have found many places the feminine "rookie" can fill.

Long Island suffragists have found a new medium for their services. They are today tilling the ground and planting vegetables in a really preparedness program. They are doing all the work themselves, work that men have ordinarily done is this country.

Mrs. Ruth Litt, the millionaire mistress of Jackwill Farm, at East Patchogue, on the Great South Bay shore, has turned over a huge field on her splendid estate of 125 acres to the women suffragists of Long Island to put under cultivation, the work to be done entirely by the women.

An ardent suffragist, Mrs. Litt has for years managed her estate, until today it is one of the show places along the shore. In farm work she sees an excellent opportunity for women to be of service to the country. Clad in overalls or short skirts the women are working in the fields and expect to make the suffage farm a model one.

STREET GOSSIP ABOUT TOWN

I see by The Freeman where the health board was kept busy giving out birth certificates to young men desiring to join the navy remarked the friend to the street corner politician

And that is what you may call it replied the politician

How about signing pledges of loyalty to the government suggested the friend

A waste of time commented the politician

How do you make that out? queried the friend

Just that It means as much to sign an pledge explained the politician Why not asked the friend

Just tell you said the politician my family have been residents of this country for the past hundred years or more I was born and brought up in the country and I am an American in my heart and all the time

I grant all that said the friend but why should you not sign a pledge to prove it

Simply because I am an American citizen I refuse to let the government send me signing thousands pledges I will not allow my motive to be questioned by the politician

You've guessed the friend

Another thing you should bear in mind continued the politician is the fact that the main work of the day is going loyalty pledges and standing by when the national emblem is played is not necessarily a patriot

I agree to that too said the friend

You can get men to sign any [illegible] been known to help stuff the ballot box more fool citizens to sign pledges does not make the man more patriotic than the law

Then I take it you have not signed any pledges as yet said the friend

And that is more I don't intend to do so then retorted the politician

If a man's devotion of this country can't be taken as a given that he is back of the government continued the politician and that he is sorry to see signing pledges is going to make that fact more emphatic

I guess you are right at that agreed the friend

Another thing said the politician is in the case of preparing a list of names of people who are disloyal to the government and who if there is fighting are to be sent back to their native shores I'll bet [illegible]

You'll be overjoyed the politician You could no more keep them in this country as they came to the country in the first place They were not given a square deal in the old country

That's how I take it said the friend

When a man becomes a citizen of this country he assumes the politician he owes no allegiance to the old country and her rulers and pledges to support this government

You are right agreed the friend

[illegible] to come in on the politician any man who is not faithful to the oath he took when he became a citizen is a traitor and should be treated as such

Then you favor wholesale deportations suggested the friend

I do replied the politician of any person not favorable to this government and willing to place his life, his means and service

Then your motto is said the friend

Same as first in and all the time interrupted the politician

All I have said before you must remember the point is not possible for every one to get in the army or navy [illegible] there are many other important things to be done in this country during the coming summer by patriotic citizens

Such as what asked the friend

Why for instance the politician there are thousands of acres of land in and around Kingston that are lying idle Why not have the people cultivate them and raise their own vegetables

How do you mean asked the friend

Why have the people plant their back yards and vacant lots with vegetables

Do you really believe that every one should plant a garden this summer asked the friend

I believe in it so much replied the politician that I am going to use all the ground I have to plant

But you have not got much ground for that purpose said the friend

That is no reason why I should not use what I have replied the politician

I guess I'll do the same said the friend thoughtfully

No reason why you should not be outdone the politician for you have even more space than I have

IDEAL PARK

Ideal Park April 12 —Easter Sunday at Ideal Park proved to be a fine bright day which materially aided in the enjoyment of those of the summer parkites who were fortunate enough to be able to spend the week end here

Among those who were at the Park over the Easter holidays were Mr and Mrs Alfred Post of Philadelphia Pa I L Devall of Chester Pa H H Paley of Brooklyn N Y and several automobile parties from Kingston N Y

Several early anglers were out Saturday in the vicinity of the Park trying their luck on the wily finny tribe but we have not as yet begun to listen to the usual spring fish story as most of the luck seems to be with the trout and probably will be for some days owing to the recent snow and cold weather

F I Matthews and family spent a few days of last week at their bungalow here

It has been rumored for some time past that the Boerker Dam near Ideal Park is to be used for power purposes particularly in the generation of electricity to be used for illumination in and around Ideal Park but of course owing to the absence of any definite information we cannot vouch for the truth of this rumor However we all hope this will prove to be true as we are certainly need of a better lighting system

Reports of important changes and additions to Ideal Park for the coming season are current also we are beginning to notice indications of several much needed reforms

Bungalows seem to be in greater demand this season than at any time in the history of the Park judging from early inquiries We have never before had inquiries so early in the year Every indication points to a prosperous summer for Ideal Park notwithstanding the present war crisis Among the improvements already in course of construction is a fine enclosed lawn tennis court being built for Alfred Post This will be when finished one of the finest courts in this section of the country being of regulation size cinder and gravel bed and will be entirely enclosed with wire netting

Old Glory will be much in evidence as it should be in the Park as several are erecting new poles Among those who are to add these patriotic symbol are J H Paley Mrs L De Vall and Alfred Post

L F Devall left Monday to resume his duties with the Philadelphia Suburban Gas & Electric Company at Chester Pa

GOOD COMPANY DISHES

When cooking peas always save the pods for soup or boil them and steam the liquid using it to cook the peas in making a much finer flavored dish For variety add a bunch of mint to green peas when cooking this adds a delicate flavor Always save the water in which vegetables are cooked either for a sauce to serve with them or to add to the soup stock as valuable mineral salts are soluble in water and are lost if this is thrown away

Walnut Ice—Cook to a thread one cupful of granulated sugar one cupful of water and pour it over three well beaten egg whites To this add one pint of whipped cream one teaspoonful of vanilla one cupful of chopped walnut meats folding them into the cream with care Pack in ice and salt and leave until frozen then cut in squares to serve

Hindu Salad —Shred some crisp white lettuce leaves and arrange them upon salad plates On these lay four slices of tomato cover two with chopped celery and onion the others with finely minced watercress Pour over a plain French dressing

Bishop's Bread —Beat three eggs and add a cupful of sugar beating until the sugar is well dissolved add a [illegible] and a cupful of lemon or vanilla Then add two cupfuls of flour sifted with two teaspoonfuls of cream of tartar and a teaspoonful of soda a little of the flour may be reserved to cover a cupful of raisins Spread in a thin sheet in a buttered tin and cover with a cupful of unblanched almonds carefully cut in strips or in halves Cut in oblongs or squares before it is cold

Rolled Beefsteak —Beat a round steak well and spread with any well liked stuffing used for fowl Roll up neatly and tie to keep it in shape Put it into a dripping pan with a little water and a teaspoonful of vinegar basting it frequently When ready to serve spread a tablespoonful of butter over it and make a thickened gravy with the liquor in the pan Cut as jelly roll when serving

KINGSTON, N. Y., APRIL 12, 1917.

It is difficult to see how even the exigencies of financing war preparations by the State can be permitted to stand in the way of the necessary appropriation for the four barge canal terminals in the Hudson Valley. As pointed out so forcibly in the argument before the committee of the Legislature Wednesday afternoon, these terminal units are as much a part of the State waterway system as the enlarged Erie canal and the Hudson river itself and the State's policy has been so clearly defined in favor of such structures as to permit of no deviation at this critical time. If money can now be appropriated for the extension of the State grounds in the rear of the Capitol, it is obvious that canal terminals cannot be passed over by the Senate Finance Committee. Senator Sage's resolution of last March read in part: "That the United States Government, through its engineer corps, be assured that it is the policy of the State of New York to continue to construct terminals and terminal facilities upon these canals and the connecting waters thereof as rapidly as the demand requires." With this declaration in mind and the activity in the Rondout boatyards at work on craft destined to play an important part in the anti-submarine warfare, an early approval by the Legislature of the Kingston terminal project is a logical expectation.

Another significant feature about this terminals bill hearing was the unanimity of expression and spirit exhibited by the four Hudson Valley cities directly affected and by other communities also supporting this project. There used to be a time when these different localities were pulling against one another each in the hope of getting somewhere without very much regard to the welfare of the rest. That time is happily past and the present agitation furnishes the occasion for a most harmonious activity for the common good. Let us hope that this spirit will prove permanent. The Hudson Valley has a great commercial future once it is successful in living down the easy-going, somnolent character with which Washington Irving invested it. And it is through just such united efforts as this which is now being exerted for the terminals that the industrial development of this section of the State will be brought about.

All the cabled accounts indicate that this country's entry into the war and the President's attack on Prussian autocracy have had an immediate and striking effect on the reform movement in Gemany headed by the Socialists. The prompt modernization of the constitution and inauguration of more democratic institutions are reported to be widely regarded necessary "as a military and political measure" to meet the situation created by what the Vorwaerts (Socialist newspaper) aptly describes as "the tempest of the world's public opinion."

The Frankfurter Zeitung, as quoted in the cable dispatches, laments "the painful fact that the German spirit, notwithstanding the numerous immigrants into the New World, has remained on the whole without any effect." Were a few million immigrants and their children expected to Germanize a country of a hundred millions that has had an independent political existence for 141 years and dates back to its first settlement more than three centuries? The great deal the Germans have brought us that was good we were glad to receive, but we would naturally plant our feet upon any effort of a recent and relatively small minority to Prussianize a free country. Such an attitude on the part of the real America could be "painful" to nobody but the deluded ruling classes of Germany.

It is reassuring to Americans to know that watchful waiting is not going to be adopted as the policy for Government control of our food supplies. The appointment of Herbert C. Hoover as chairman of the new food board means an expert in charge of food production and distribution, both of which are to be placed on a scientific basis at an early date. Before returning to this country from Europe, where he has labored so successfully as the head of the American Commission for Relief in Belgium, Mr. Hoover intends to make an investigation of conditions in England and France, and of the sumptuary laws now in force there. The problem is going to be most acute in America. The new Food Board will have a double burden at the outset, as this country will have to supply not only our own needs but a considerable portion of those of England, France and Italy as well.

LITTLE LAUGHS.

"Is Jobbins in the hospital?" "Not that I know of. Why do you think so?" "Smith was telling me the other day that he was out in his car, and ran across Jobbins."—Baltimore American.

Poet (to editor)—"I hope that you didn't throw my poem into the waste-basket?" Editor—"Oh, no." Poet (eagerly)—"Then you accepted it?" Editor—"No, I threw it out of the window."—Buffalo Express.

"Wilbur," said the wife of the editor, as he toiled late in his study, "I am going to bed now. If you hear the alarm clock in the morning, will you wake me up?" "Yes, dear," replied Wilbur absently. "Remind me of it again at the breakfast table."—Puck.

Randall—"You know the story about the cowboy who went to a fashionable New York restaurant and said, 'Waiter, bring me forty dollar's worth of ham and eggs?' Roger—"No. Let me hear it." Randall—"Well, the waiter replied, 'We don't serve half portions, sir.'"—Life.

Her Answer.

The pretty girl of the party was bantering the genial bachelor on his reasons for remaining single.

"No-o-o, I never was exactly disappointed in love," he meditated. "I was more what you might call discouraged. You see, when I was very young I became very much enamored of a young lady of my acquaintance; I was mortally afraid to tell her of my feeling, but at last I screwed up my courage to the proposing point. I said, 'Let's get married.'

"And she said, 'Good Lord! Who'd have us!'"—Everybody's.

Couldn't Miss It.

The average foreigner can rarely comprehend the geographical area of the United States, as was quite fully illustrated by the Englishman and his valet who had been traveling due west from Boston for five days. At the end of the fifth day master and servant were seated in the smoking car, and it was observed that the man was gazing steadily and thoughtfully out of the window. Finally, his companion became curious. "William," said he, "of what are you thinking?"

"I was just thinking, sir, about the discovery of Hamerica," replied the valet. "Columbus didn't do such a wonderful thing, after all, when he found this country, did he, now, sir? Hafter hall's said an' done, 'ow could 'e 'elp it?"

Free Speech.

An old negro woman had lived with a certain family in the south for many years. One day her mistress had occasion to reprimand her quite sharply for something that had gone wrong. The negress said nothing at the time, but a little later her voice could be heard in the kitchen in shrill vituperation of everything and everybody, with a rattling accompaniment of pans and kettles. So loud became the clamor and so vindictive the exclamation that Mrs. C. went hurriedly down to the kitchen.

"Why, 'Liza," she began, in amazement, "who on earth are you talking to?"

"I ain't talkin' to nobody," the old negress replier, "but I don't keer who in dis house hyars me!"—Harper's.

RIVER TERMINALS A WAR-TIME NECESSITY

(Continued from Page 1.)

deed, and said that with the war and its demands, we will need all the facilities of transportation we can get and as soon as possible.

Senator Slater Sums Up.

Senator Slater of Westchester then made a comprehensive review of the bill and the arguments, saying at the outset that what Senator Sage decided would probably carry with the committee at which the Senator interjected: "You flatter me!"

For ten years, said Senator Slater, no part of the Hudson valley has come to the legislature to ask any appropriations while upstate people who have the canal come to Albany again and again for things and got them. In failing to report the bill, he said, the committee would be doing an injustice to a million people. He also referred to the fact that some revenue would be returned to the state by reason of the operation of these terminals and made a plea for the state's completing old developments of this sort before taking up new ones along different lines. His speech was interrupted by applause at frequent intervals.

Major Everett Talks.

Senator Walton then called upon Major James H. Everett of Kingston and the latter, declaring he had been called on simply because he was a neighbor and friend of the senator, made what was one of the best arguments for the improvement in referring to the state's policy of more than a century.

"It seems to me that our fathers were wise in building the canal," said the Major, "for to that undertaking the state owes its early prosperity and from it the city of New York has grown great." Continuing he told how the revolutionary soldiers settling in Western New York grew great crops of wheat which they took to Albany and which found their way to market via the Erie canal.

Sage is a Valley Man.

"Now that the United States is going to be a world power," he said, "New York state should aid the nation and this is one important way. The produce of the west will feed the people of Europe and it is our duty to help."

"I'm a Hudson river man myself," Senator Sage explained in concluding the hearing, "and a neighbor of yours. It is not a question of the improvement itself but one of ways and means. The state is facing the greatest burden in its history and whatever happens to this bill I hope you will understand that this committee will be governed by the condition now confronting the state treasury."

Others in Attendance.

In addition to those whose names were published in The Freeman Wednesday evening, there were in attendance at Albany C. A. Hungerford, Major James H. Everett, William Dugan, John C. Gregory, S. Messinger, Chris Flanagan, City Engineer E. B. Codwise, Elva H. Bogart, C. Gordon Reel.

From Saugerties were: President D. N. Finger, of the Chamber of Commerce, B. F. Rowe, secretary; William Burhans, Fred Lewis, William Doyle, J. Charles Suderly, William L. Finger, John Fratsher. President G. B. Austin, of the Catskill Chamber of Commerce, represented that village.

Rotary Club Enlivening.

The Kingston party left on the 11:12 train in the morning. West Shore railroad detectives, headed by Homer Goodsell, went through the car at Saugerties. The Rotary Club delegation contributed songs and otherwise enlivened the trip up.

So large was the Hudson Valley delegation that the hearing had to be held in the senate chamber and the local members looked quite at home in the seats of the Solons. Major Everett occupied the chair of Senate Majority Leader Brown, and all of the 51 seats were taken and the press desks and standing room were required for the party. While waiting for the senate to finish up its calendar, entertainment was found in the debate on Staten Island garbage disposal in the upper house and the passing of the local option measure in the assembly.

American Mineral Oil

PRACTICAL HEALTH HINT

Use of Mineral Oil.

Dr. Le Tanneur contributes to the Paris Medical some practical points in the use of mineral oil in constipation. The oil, he says, is in no way digested or even modified by the juices of the stomach and intestines. It acts as a lubricant and nothing else, though it tends to heal abrasions of the intestinal wall caused by rough particles of food.

The New York Medical Journal says mineral oil should be taken either before breakfast or after dinner, two tablespoonfuls being a dose. Its use should be continued every day for at least a fortnight, when the bowels will continue to work naturally without it, for the mineral oil is in no sense a cathartic, but it will cure constipation.—Kingston Daily Freeman, February 17, 1917.

Quite some contract, wasn't it? But say! She didn't have a bit of trouble and hardly lost a chick." The

STANDARD COLONY BROODER

Patented

is a wonder! Makes three chicks grow where one grew before; cuts equipment cost and operating expenses to less than half, and takes less than one-fourth the time and labor required by other brooders. Can't break or wear out. We guarantee the "Standard" to hatch more and better chicks and at a cost less than 6 cents a day. Used by 10,000 big and little breeders everywhere. Capacity 100 to 1000. Burns coal and regulates itself.

We guarantee the "Standard" and you may write the guarantee to suit yourself. Isn't that fair?

SOCIETY NOTES.

A party was tendered to Miss Mary Lawrence at her home in East Kingston on Tuesday evening, April 10. Jack Brost of Kingston rendered some very fine solos. Games were played and dancing was indulged in until a late hour. All departed voting Miss Lawrence a charming entertainer. Those present were the Misses Lydia Acker, Kathryn Long, Margaret Fay, Rose Lloyd, Margaret Volker, Margaret Davitt, Alice Pierce, Rose Ward, Mary Lawrence, George Roche, Jack Brost, Michael Fay, John Hurson, John Wolfersteig, John Carney, Thomas Leonard, John Acker, Joe Whittaker, John Costello, Vincent Redden and Frank Denter.

Several of the girls who attended old K. A. met last evening and renewed old acquaintances and related tales of old K. A. After enjoying the "movies" the girls gathered at the home of Miss Ruth Smith, where refreshments were served and much fun and laughter created over the tales of "school days" which the girls have determined to keep fresh in their memories. The tales of "Room No. 4." and the hours spent there were both sad and amusing and the only regret of the evening was that the good time had to come to a close. Those who attended the reunion of the girls of old K. A. were Miss Mae Everett, teacher at Hurleyville; Miss Ruth Glendenning, teacher at Edmenston; Miss Eileen Keefe, a student at the New York State College at Albany; Miss Ethel Pultz of Bayonne, N. J.; and the Misses Helen and Evelyn Thomas, Miss Margaret H. Keefe, Miss Eva Palen, Miss Helen Britt, Miss Lena Dick and Miss Louise Snyder of Kingston.

Busse-Hahn.

Miss Amanda J. Hahn of No. 60 Kingston street and Fred H. Busse of Rochester, N. Y., were united in marriage on Wednesday at the Livingston Street Lutheran Church by the pastor, the Rev. F. T. Schroeder.

Schatzel-Kain.

Leo A. Schatzel of No. 36 Abeel street and Miss Mary Kathryn Kain of No. 58 Murray street were married on Wednesday in St. Peter's Church by the Rev. John P. Neumann. They were attended by Schuyler Kain and Miss May N. Schatzel.

Britt-Staudt.

Miss Anna L. Staudt and Arthur J. Britt, both of this city, were married at St. Joseph's Church Tuesday morning at 11 o'clock by the Rev. John H. Briody. They were attended by Mrs. William Furguson and Robert Howard. Mr. and Mrs. Britt left after the wedding ceremony for the east, where they will reside.

Atharhacton Club.

The Atharhacton Club met with Miss Noone on Wednesday afternoon. The afternoon was devoted to Lorde Dunsany and his one act plays. The program for next year, which has been arranged to cover the study of "Present Day Novels," was presented. Next week the club will meet with Mrs. Reid, at the Kirkland.

O'Neil-Stortz.

William J. O'Neil of No. 12 West Union street, and Miss Mary A. Stortz of No. 86 West Pierpont street, were united in marriage at St. Peter's Church on Wednesday morning by the Rev. John P. Neumann. They were attended by William G. Hauck and Miss Frances Schatzel. Both young people have a host of friend who wish them a long and prosperous married life.

Lowell Club.

The Lowell Club met on Tuesday afternoon at the home Mrs. Harry Brigham on Broadway, this being the last meeting of the season. The annual election of officers took place, resulting as follows: President, Mrs. Arthur Cole; vice president, Mrs. Rose Witter; secretary, Mrs. Wesley Hale; corresponding secretary, Mrs. Thornberry; treasurer, Mrs. T. D. Lewis; librarian, Mrs. Everett. After the election a social hour of particular enjoyment occurred, several Scotch songs being charmingly sung by Mrs. Harold Brigham.

Additional Committees of Charity Ball

The membership of the following committees as well as those already announced and others to be announced, assure all guests of a most delightful evening at the armory on the occasion of the Charity Ball, which will take place on Monday evening, April 16th. The floor committee will be as follows: Hon. A. J. Cook, N. D. J. Murphy, John B. Kearney, Dr. Mark O'Meara, Hon. Charles W. Walton, Walter Fales, Dr. Frank Quinlan, Hon. E. T. Shultis, Judge N. McGill, Vincent A. Gorman. The cigar booth will be in charge of Miss Anne Heaney, chairman, assisted by the following members of the committee: Miss Margaret Keefe, Miss Anna Fallon, Miss Alice Matthews, Miss Mary G. Heaney, Miss Frances Adams, Mrs. Peter Barmann, Jr., Mrs. John B. Kearney, Mrs. Palmer Canfield, Jr., Mrs. J. G. O'Leary, Mrs. J. F. Pessnar, Mrs. Frank Higley, Mrs. Clarence Kelly. The flower girls who will assist in selling the flowers will be the Misses Doris Barmann, Roselin Canfield, Katherine Kearney, Helen Dwyer, Katharine Deane, Dorothy Dinan, Margaret Norwood, Evelyn Heaney, Sanchen Barmann, Harriet Misner.

Pierson-Raichle.

Miss Hilda E. Raichle, daughter of Mr. and Mrs. John Raichle of No. 66 Spruce street, and Carl M. Pierson of Abeel street, were married on Wednesday afternoon at the parsonage of the Lutheran Church of the Redeemer on Wurts street, by the pastor, the Rev. P. S. Baringer. The bride was charming in a blue traveling suit and wore a picture hat and carried a bouquet of Killarney roses. She was attended by her sister, Miss Mildred Raichle, who wore a suit of green velour. The groom was attended by Albert J. Raichle, a brother of the bride. The bride was a stenographer with the L. B. Van Wagenen Company on Wall street, and the groom is a popular business man of this city, who formerly resided in New Haven. For four years he was a member of the Schola Cantorum and the Metropolitan Opera Company of New York city. At present, Mr. Pierson is soloist of St. John's Episcopal Church. Both young people have a wide circle of friends who wish them a long and prosperous married life. Following the wedding ceremony a collation was served at the home of the bride's parents. The happy couple were the recipients of a number of useful and beautiful gifts, including cut glass, silver, etc. Later Mr. and Mrs. Pierson left for a wedding trip to New Haven and Washington, D. C. Upon their return they will reside at No. 198 West Chestnut street, where handsomely furnished rooms await them.

The eulogy was pronounced by the Right Rev. Monsignor O'Hare, a very old friend of the family who paid very high tribute to the deceased. The honorary bearers were John Rodie, James J. Sheridan, Thomas Cusack, Charles Reynolds, William Simmons, Andrew Barnes, Daniel Donovan and Stephen Dickhaut of Saugerties and the active bearers were employes of the Herbert Brush Company. The floral tributes were many and beautiful, also there was a very large attendance at the church. The remains reposed in a solid mahogany casket which was trimmed with dull bronze trimmings. The interment took place in St. Mary's cemetery, where the remains were placed in a bluestone vault. The Right Monsignor O'Hare and the Rev. John Briody accompanied the remains to the cemetery. The funeral arrangements were in charge of Stock & Cordts, Inc.

Auto and Motorcycle Collide.

An accident occurred at the corner of Broadway and Henry street about 12.10 o'clock noon when a collision occurred between a Ford auto owned by Haggarty Brothers, who run a taxi-service, and a man named Van Steenburgh, who was running an Indian motorcycle. Van Steenburgh crossed over in order to avoid a moving van and ran into the automobile. The motorcycle was badly damaged, its front wheel being smashed, and Van Steenburgh had badly bruised fingers. The Ford car was slightly damaged, with a smashed headlight. Both owners claimed they were on the right side of the road and going at a slow rate of speed.

FINANCIAL AND COMMERCIAL

By Telegraph to The Freeman.

New York, April 12.—Another brisk upturn occurred in a number of the market leaders in the late forenoon. Marine Preferred rose to 88, a gain of nealy 3 points so far for the day and the common stock advanced to 33¼, against 31¼ at the close yesterday. Atlantic, Gulf and W. I. was also in brisk demand, advancing 2¾ points up to 107¾. U. S. Steel Common reflected urgent covering of shorts on which the price advanced 1 point to 112½. Strength also was shown in American Smelting which rose 1 point to 101¾ and Anaconda advanced one point to 80⅝. Money loaning at 2¼ per cent.

There was little outside interest shown in the stock market during the afternoon. U. S. Steel Common sold as high as 112⅞ from which it reacted to 112½. Ohio Cities Gas, which sold as high as 135¼, dropped to 131, and Industrial Alcohol after advancing to 115¼, dropped to 113¾. Bethlehem Steel rose to 128½, from which it reacted to 127½.

The final tone was unsettled. Steel Common after selling at 112⅞, reacted to 111⅜ and Atlantic Gulf and West Indies declined from 107¾ to 106¼. Government bonds unchanged; railway and other bonds irregular.

Overheated Air.

A rise of temperature in the surrounding air diminishes the amount of oxygen consumed and the amount of dioxide discharged. A fall of temperature has the opposite effect. In addition, the overheated air forms a hot jacket around the body, which prevents the radiation of heat necessary to keep the body in a healthy condition. With a sedentary occupation a temperature of from 65 to 70 should be maintained for comfort and health.

Standard Time.

Standard time is a uniform system of time reckoning in the United States and Canada adopted in 1883 by the principal railways, and since then by the principal cities and towns of both countries. By this system the continent is divided into four sections, each extending over 15 degrees of longitude (making a difference of time of exactly one hour) the time prevailing in each being that of its central meridian.

We Believe We Have The Most Complete Stock of Flags in Kingston

From President Wilson's Flag Day Speech, June 14, 1915:
"I am sorry that you do not wear a little flag of The Union every day instead of some days, and I can only ask you if you lose the physical emblem to be sure that you wear it in your heart and the heart of America shall interpret the heart of the world."

EXTRA QUALITY—HEAVY COTTON SEWED STRIPES AND SEWED STARS ON BOTH SIDES.

These flags are very artistic, bright in colors, sewed throughout in the same superior manner as a ALL WOOL BUNTING FLAG, and when suspendid can hardly be detected from genuine silk flags, they have canvas headings with teelt grommets.

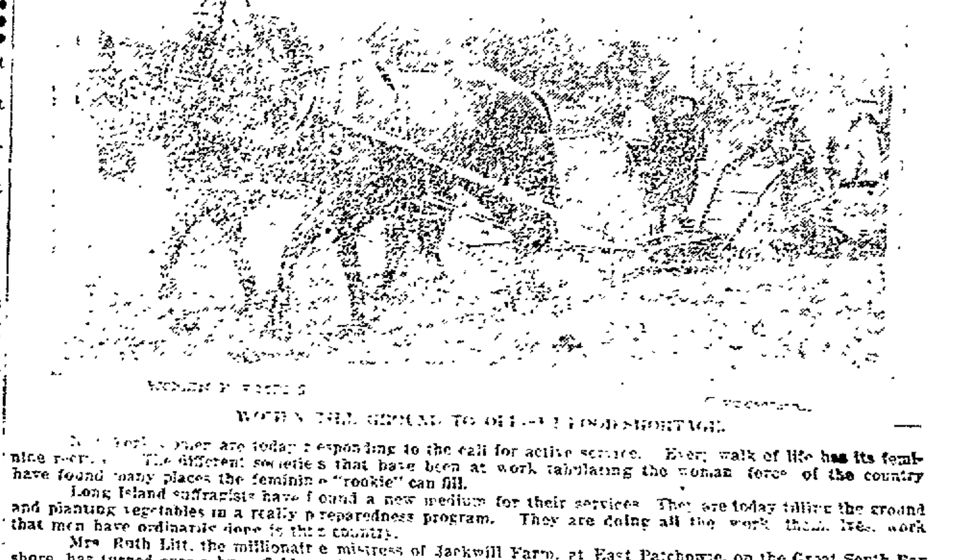
Where Brown Trout Live.

In streams no longer favorable to the brook trout, and there are many such due to logging operations, pollution, etc., the English brown trout, by nature a hardier fish than our native fish, will still thrive and such streams may be made to furnish good sport and a valuable food supply by stocking with brown trout.—All Outdoors.



WOMEN TILL THE GROUND TO OFFSET FOOD SHORTAGE.

[illegible] women are today responding to the call for active service. Every walk of life has its feminine [illegible]. The different societies that have been at work tabulating the woman force of the country have found many places the feminine "rookie" can fill.

Long Island suffragists have found a new medium for their services. They are today tilling the ground and planting vegetables in a really preparedness program. They are doing all the work that [illegible] work that men have ordinarily done in this country.

Mrs Ruth Litt, the millionaire mistress of Jackwill Farm, at East Patchogue, on the Great South Bay shore, has turned over a huge field on her splendid estate of 125 acres to the women suffragists of Long Island to put under cultivation, the work to be done entirely by the women.

An ardent suffragist, Mrs. Litt has for years managed her estate, until today it is one of the show places along the shore. In farm work she sees an excellent opportunity for women to be of service to the country. Clad in overalls or short skirts the women are working in the fields and expect to make the suffrage farm a model one.

MAKE USE OF KINGSTON'S VACANT LAND BY RAISING VEGETABLES

The Chamber of Commerce, through a special committee, respecting the suggestion of the federal department of agriculture that all back yards be utilized as a preparedness step in being cultivated for raising vegetables, appeals to Kingston people to permit the use of vacant land. The committee asks all interested to make application for the use of vacant land and likewise asks that all having vacant land permit its use.

Fill out these blanks and forward:

Vacant Lot Garden Committee, Chamber of Commerce, Kingston, N. Y.:

I hereby make application for an assignment for the free use of vacant property for the season of 1917 for the purpose of raising vegetables. I agree to use the land assigned to me solely for the purpose of planting, cultivating and raising vegetables, and I pledge myself to keep and leave the property in a clean and orderly condition and to do no damage to fences, trees and other improvement on the property.

I believe I can cultivate a piece of ground ..... feet by ..... feet.

LOCKS, KEYS, LAWN MOWERS AND BABY CARRIAGES REPAIRED

HIGHLAND.

Highland, April 12.—Last Friday was one of unpleasantness as far as the weather was concerned. Still over thirty ladies braved the storm and congregated at the home of Mrs. Joseph Schantz, where she, Mrs. W. Miller and Miss Mattie Schantz were the hostesses of the Auxiliary Club. The ladies gave every one a most cordial greeting and everything was smoothsailing in doors. The ladies seemed have finished their work early, preparatory to the afternoon at the club. The gavel in the hands of the president sounded at the proper time for business. There were few guests present. This society elects its officers at the first meeting in July. They have accomplished a great deal in the past year. Their work is principally to look after the needs in the parsonage, of furnishing and keeping the building in repair, assist in pastor's salary, do sunshine work of taking flowers to those who are ill and shut in, and for the past two years this club has sent to the Deaconess Home in New York city two barrels of canned fruit, put up in glass jars by the members, each barrel containing sixty jars each. This year they gave $20 as their Easter offering, besides many incidentals too numerous to mention, and the members of the club feel that as women they have most admirably handled the business schemes and congratulate themselves upon the results. They have unlimited hope for the future and abiding faith in the people. They have undertaken their duties with enthusiasm that promises well for success. Some future ideas were brought forth, which will have proper notice, and all club work is in a flourishing condition. At this meeting Mrs. Decker, the president, was appointed as a committee of one to bring before her members for consideration a banquet to be given on May 7th for the Order of Eastern Stars, at which time the official visit of the D. D. G. M. and A. G. L. will take place. The club members voted to assume the responsibility of the affair, which they had done for 1914 and 1915, giving entire satisfaction. When business was finished a motion was made to adjourn. Then the ladies just had a jolly time. They visited incessantly and the hostesses served all with most delicious refreshments, and it was very plain to be seen that these ladies could get up a luncheon that would please the most fastidious, and after testing all these good things and talking some more on various topics all left with pleasant recollections of the club meeting with Mrs. Joseph Schantz and her assistants.

Miss Bertha Dimsey spent Sunday at Lloyd with her mother, Mrs. Eli Dimsey.

Mr. and Mrs. Robert Weed of Marlborough were guests last week of Mr. and Mrs. A. P. Wilklow.

Mrs. Chester Atkins and daughter, Ethel, spent Wednesday last in Poughkeepsie.

A runaway caused some excitement in town last week when Dr. Freston's horse got away from the daughter and ran in the M. E. Church yard caught to the archway at H. Maynard's and took the seat and top from the wagon, and the horse was caught and not very much damage done. Every one should be very careful in regard to leaving horses standing without being tied. Rather risky.

Last Sunday a party consisting of Mrs. L. Upright, Miss Louisa Traphagen of this place and Miss Reynolds of Poughkeepsie, also Allen Atkins from here and the chauffeur, Charles Fowler, who has driven Mrs. Upright's car for some time, were on their way to Newburgh and by some hook or crook collided with another car, causing their car to turn over. Mrs. Upright has a broken arm, and the two ladies with her, we understand, are pretty well bruised, but no bones broken. The chauffeur and Mr. Atkins escaped uninjured. The ladies are all as comfortable as can be under the circumstances. Mr. Upright's car will certainly have to be overhauled for it was pretty well broken up. All may be thankful they came out with their lives.

Mrs. Davis of Hyde Park, wife of the Rev. George Davis, a former pastor of the M. E. Church here, has been a guest for a few days of some friends in this place.

Abram Rhoades was in Poughkeepsie Monday on business.

Mrs. Baldwin of Maple avenue was an Easter shopper in Poughkeepsie last Saturday.

Miss Ethel Decker of Ossining, with a lady friend spent their Easter vacation at the home of Mr. and Mrs. Uriah Decker, parents of Miss Ethel.

Queen Esther Circle, was entertained Monday evening at the home of Mr. and Mrs. Lloyd Plass. There was a large attendance and the business was of importance, and at the conclusion of work, a pleasant social was greatly enjoyed and delicious refreshments served and at time of departure all voted Mrs. Plass a very hospitable hostess.

Mr. and Mrs. J. D. Rose were in Poughkeepsie Saturday last. Everyone seemed bent on Easter shopping.

Mr. and Mrs. Mulford Stowe and their daughter have returned to their home here, after spending a pleasant Easter with relatives in Middletown.

Mrs. Kruger of New York city has been visiting her mother, Mrs. G. Mackey, who is boarding at home of Mrs. Mae Van Wagner.

Just get ready for the dance on the eve of the 14th. It is expected all will have a fine time. Get on your evening togs and be on hand, for it will be one of the most social of the social affairs and perhaps the last one of the season, for it is now getting late for such festivities.

Mr. and Mrs. Hiram Mott of North Road returned last Saturday from a week's sojourn in New York city. They report a fine time.

J. W. Feeter spent a few days in New York city last week and attended M. E. conference while there.

Mr. and Mrs. E. A. Marsh spent several days in New York city last week. Mr. Marsh is the principal of the high school here, and they had a delightful Easter in the city. Just ask them about Billy Sunday.

Miss Frances Bruyn spent Easter in the metropolis and reports a very pleasant time.

Mrs. Kate Davis of New Paltz was a week end guest of Mr. and Mrs. Simeon Scott on Washington avenue.

Last Saturday Mrs. Herman Dobbs was removed to St. Francis Hospital. She had a bad fall recently and broke her hip. She is quite along in years and that is against her speedy recovery. Her friends hope she may come out all right. She has resided in this place for a number of years. Her husband, during his lifetime, owned the hotel in the village known now as the Mackey House. Mr. Dobbs died several years ago, leaving the widow and one son, Harry.

Julian Burroughs of West Park was a caller on friends in this place last Saturday.

William Terwilliger, who is attending school at Columbia University, spent his Easter vacation with his parents, Dr. and Mrs. Webster Terwilliger, on Clintondale road.

Edgar Davis of Syracuse University spent his vacation at the home of Mr. and Mrs. Austin Merritt.

Mabel Clearwater of Locust Valley spent the week end with her parents, Mr. and Mrs. Byron Clearwater.

James Clearwater of Syracuse University was also an Easter vacationist and spent it delightfully at his home here on Vineyard avenue.

Alfred Palmer of New Jersey was in town a few days on Grand street with his parents, Mr. and Mrs. F. L. Palmer.

Mr. and Mrs. Kipp have vacated the flat in the Henry Elting house on Church street and gone to reside near New Paltz.

Hobert Kurtz, son of Mr. and Mrs. Daniel Kurtz, of Wilcox avenue, who had the misfortune to break his wrist a short time ago, we are glad to report is getting along nicely and hopes soon to be out with the boys. Still we think he will be more careful in the future.

Theron DuBois from this place had charge of the Easter service at Lloyd Sunday.

Mr. and Mrs. Lewis Johnston had as their guest over Easter their daughter, Lillian, who is a student in college out of town.

Arthur Merritt's condition seems some better since he is in Poughkeepsie at Vassar Hospital. His relatives and friends hope he may gain rapidly and soon come home.

PINE GROVE.

Pine Grove, April 12.—A dance was given at the home of Mr. and Mrs. Cowan at Daisy on Saturday evening, March 31st, in honor of their three daughters and Miss Jenkins of New York city, who were spending their Easter vacation at that place. About thirty guests were present and all had a right good time. Music was furnished by Andrew Simmons and son of Saugerties.

Over forty people attended the dance given by Mrs. Frederick Pfisterer at her home on Thursday evening. The affair was given in honor of her daughter, Miss Viola's fifteenth birthday and a very enjoyable time was spent by all. The many friends of Miss Pfisterer extend best wishes for many happy returns of the day.

Mrs. Graham delightfully entertained a party of twenty at her home at Daisy on Saturday evening. Music and dancing was indulged in until midnight when sandwiches, cake and coffee were served. Among the guests were: Mr. and Mrs. Jessie Magee, Mrs. Buckman and son Harold, Grace Snyder, David Cowan, Bella Cowan, Florence Cowan, Mrs. Cowan, Miss Jenkins, Charles Joy, Addison Short, Mr. Wales and son Freddie, Mrs. Fred Pfisterer, Viola Pfisterer, Edith Spring, Mary Alice Bishop, John Graham and Alva Graham, members of the family.

Mr. and Mrs. Martin Von Etens entertained company from New York city the past week.

Vincent Quinn spent Saturday in Kingston.

We are glad to see the business places and private residences of this place show their colors, glad so many are patriotic. It certainly is inspiring to see "Old Glory" floated to the breeze. If you haven't a flag, just get one and show to all that our object is our country, our whole country, and nothing but our country, and it is to be hoped that our country may become a vast and splendid monument, not of oppression and terror but of wisdom, peace and liberty upon which the world may gaze with admiration.

Miss Myra Covert spent Saturday out of town.

MATTERS BEFORE THE SURROGATE

The will of Elizabeth C. Judge of the town of Rosendale has been admitted to probate by Surrogate Gill in the surrogate's court. The testatrix gives her estate to her mother, Mary F. Freston, of Creek Locks, and appoints her aunt, Mrs. Ellen Sullivan of New York city, executrix. The will was executed September 1, 1915, and witnessed by D. G. Atkins and Harold Burroughs. The value of the real estate is $2,000 and there is no personal property. William H. Grogan appeared for the executrix.

The will of Mari M. Post of the town of Saugerties was admitted to probate. Jewelry and personal belongings are divided between two sisters, Eleanor P. Brown and Jessie E. Post, and the executrices are directed to erect a monument over the grave of the testatrix in the Mountain View Cemetery at Saugerties and also to pay such association an amount sufficient to provide perpetual care of her burial plot. The life use of the balance of the estate is given to her parents, John S. Post and Lavina S. Post, at whose death the sum of $100 each is directed to be paid to James M. Post, a brother; Carrie E. Post, a niece; Everett Post, a nephew, and the sum of $200 to John Post, a nephew; the remainder of the estate being given equally to Eleanor P. Brown and Jessie E. Post, who are appointed executrices. The will was executed June 20, 1910, and witnessed by Kathryn Palen and Alvin Palen. The value of the real estate is $4,750 and the personal property amounts to $2,425. Benjamin M. Coon appeared for the executrices.

The will of Mary A. J. E. Eastgate of Ellenville, whose provisions heretofore have been published, was admited to probate. The executors are Louisa Sherman, Lillian Scoresby Clark and Frank B. Hoornbeek. The will was executed February 22, 1912, and witnessed by H. Westlake Coons and Harry C. Derby. The value of the real estate is $10,000 and the personal property amounts to $10,000. H. Westlake Coons appeared for the executors.

KINGSTON, N. Y., APRIL 12, 1917.

It is difficult to see how even the exigencies of financing war preparations by the State can be permitted to stand in the way of the necessary appropriation for the four barge canal terminals in the Hudson Valley. As pointed out so forcibly in the argument before the committee of the Legislature Wednesday afternoon, these terminal units are as much a part of the State waterway system as the enlarged Erie canal and the Hudson river itself and the State's policy has been so clearly defined in favor of such structures as to permit of no deviation at this critical time. If money can now be appropriated for the extension of the State grounds in the rear of the Capitol, it is obvious that canal terminals cannot be passed over by the Senate Finance Committee. Senator Sage's resolution of last March read in part: "That the United States Government, through its engineer corps, be assured that it is the policy of the State of New York to continue to construct terminals and terminal facilities upon these canals and the connecting waters thereof as rapidly as the demand requires." With this declaration in mind and the activity in the Rondout boatyards at work on craft destined to play an important part in the anti-submarine warfare, an early approval by the Legislature of the Kingston terminal project is a logical expectation.

Another significant feature about this terminals bill hearing was the unanimity of expression and spirit exhibited by the four Hudson Valley cities directly affected and by other communities also supporting this project. There used to be a time when these different localities were pulling against one another each in the hope of getting somewhere without very much regard to the welfare of the rest. That time is happily past and the present agitation furnishes the occasion for a most harmonious activity for the common good. Let us hope that this spirit will prove permanent. The Hudson Valley has a great commercial future once it is successful in living down the easy-going, somnolent character with which Washington Irving invested it. And it is through just such united efforts as this which is now being exerted for the terminals that the industrial development of this section of the State will be brought about.

All the cabled accounts indicate that this country's entry into the war and the President's attack on Prussian autocracy have had an immediate and striking effect on the reform movement in Germany headed by the Socialists. The prompt modernization of the constitution and inauguration of more democratic institutions are reported to be widely regarded necessary "as a military and political measure" to meet the situation created by what the Vorwaerts (Socialist newspaper) aptly describes as "the tempest of the world's public opinion."

The Frankfurter Zeitung, as quoted in the cable dispatches, laments "the painful fact that the German spirit, notwithstanding the numerous immigrants into the New World, has remained on the whole without any effect." Were a few million immigrants and their children expected to Germanize a country of a hundred millions that has had an independent political existence for 141 years and dates back to its first settlement more than three centuries? The great deal the Germans have brought us that was good we were glad to receive, but we would naturally plant our feet upon any effort of a recent and relatively small minority to Prussianize a free country. Such an attitude on the part of the real America could be "painful" to nobody but the deluded ruling classes of Germany.

It is reassuring to Americans to know that watchful waiting is not going to be adopted as the policy for Government control of our food supplies. The appointment of Herbert C. Hoover as chairman of the new food board means an expert in charge of food production and distribution, both of which are to be placed on a scientific basis at an early date. Before returning to this country from Europe, where he has labored so successfully as the head of the American Commission for Relief in Belgium, Mr. Hoover intends to make an investigation of conditions in England and France, and of the sumptuary laws now in force there. The problem is going to be most acute in America. The new Food Board will have a double burden at the outset, as this country will have to supply not only our own needs but a considerable portion of those of England, France and Italy as well.

LITTLE LAUGHS.

"Brains are a common commodity." "That so?" "Yes. What I'm looking for is a man who knows how to use his brains."—Detroit Free Press.

"Is Jobbins in the hospital?" "Not that I know of. Why do you think so?" "Smith was telling me the other day that he was out in his car, and ran across Jobbins."—Baltimore American.

Poet (to editor)—"I hope that you didn't throw my poem into the waste-basket?" Editor—"Oh, no." Poet (eagerly)—"Then you accepted it?" Editor—"No, I threw it out of the window."—Buffalo Express.

"Wilbur," said the wife of the editor, as he toiled late in his study, "I am going to bed now. If you hear the alarm clock in the morning, will you wake me up?" "Yes, dear," replied Wilbur absently. "Remind me of it again at the breakfast table."—Puck.

Randall—"You know the story about the cowboy who went to a fashionable New York restaurant and said, 'Waiter, bring me forty dollar's worth of ham and eggs?' Roger—"No. Let me hear it." Randall—"Well, the waiter replied, 'We don't serve half portions, sir.'"—Life.

Her Answer.

The pretty girl of the party was bantering the genial bachelor on his reasons for remaining single.

"No-o-o, I never was exactly disappointed in love," he meditated. "I was more what you might call discouraged. You see, when I was very young I became very much enamored of a young lady of my acquaintance, I was mortally afraid to tell her of my feeling, but at last I screwed up my courage to the proposing point. I said, 'Let's get married.'

"And she said, 'Good Lord! Who'd have us!'"—Everybody's.

Couldn't Miss It.

The average foreigner can rarely comprehend the geographical area of the United States, as was quite fully illustrated by the Englishman and his valet who had been travelling due west from Boston for five days. At the end of the fifth day master and servant were seated in the smoking car, and it was observed that the man was gazing steadily and thoughtfully out of the window. Finally, his companion became curious. "William," said he, "of what are you thinking?"

"I was just thinking, sir, about the discovery of Hamerica," replied the valet. "Columbus didn't do such a wonderful thing, after all, when he found this country, did he, now, sir? Hafter hall's said an' done, 'ow could 'e 'elp it?"

Free Speech.

An old negro woman had lived with a certain family in the south for many years. One day her mistress had occasion to reprimand her quite sharply for something that had gone wrong. The negress said nothing at the time, but a little later her voice could be heard in the kitchen in shrill vituperation of everything and everybody, with a rattling accompaniment of pans and kettles. So loud became the clamor and so vindictive the exclamation that Mrs. C. went hurriedly down to the kitchen.

"Why, 'Liza," she began, in amazement, "who on earth are you talking to?"

"I ain't talkin' to nobody," the old negress replied, "but I don't keer who in dis house hyars me!"—Harper's.

RIVER TERMINALS A WAR-TIME NECESSITY

(Continued from Page 1.)

deed, and said that with the war and its demands, we will need all the facilities of transportation we can get and as soon as possible.

Senator Slater Sums Up.

Senator Slater of Westchester then made a comprehensive review of the bill and the arguments, saying at the outseet that what Senator Sage decided would probably carry with the committee at which the Senator interjected: "You flatter me!"

For ten years, said Senator Slater, no part of the Hudson valley has come to the legislature to ask any appropriations while upstate people who have the canal come to Albany again and again for things and get them. In failing to report the bill, he said, the committee would be doing an injustice to a million people. He also referred to the fact that some revenue would be returned to the state by reason of the operation of these terminals and made a plea for the state's completing old developments of this sort before taking up new ones along different lines. His speech was interrupted by applause at frequent intervals.

Major Everett Talks.

Senator Walton then called upon Major James H. Everett of Kingston and the latter, declaring he had been called on simply because he was a neighbor and friend of the senator, made what was one of the best arguments for the improvement in referring to the state's policy of more than a century.

"It seems to me that our fathers were wise in building the canal," said the Major, "for to that undertaking the state owes its early prosperity and from it the city of New York has grown great." Continuing he told how the revolutionary soldiers settling in Western New York grew great crops of wheat which they took to Albany and which found their way to market via the Erie canal.

Sage is a Valley Man.

"Now that the United States is going to be a world power," he said, "New York state should aid the nation and this is one important way. The produce of the west will feed the people of Europe and it is our duty to help."

"I'm a Hudson river man myself," Senator Sage explained in concluding the hearing, "and a neighbor of yours. It is not a question of the improvement itself but one of ways and means. The state is facing the greatest burden in its history and whatever happens to this bill I hope you will understand that this committee will be governed by the condition now confronting the state treasury."

Others in Attendance.

In addition to those whose names were published in The Freeman Wednesday evening, there were in attendance at Albany C. A. Hungerford, Major James H. Everett, William Dugan, John C. Gregory, S. Messinger, Chris Flanagan, City Engineer C. B. Codwise, Elva H. Bogart, C. Gordon Reel.

From Saugerties were: President D. N. Finger, of the Chamber of Commerce, B. F. Rowe, secretary; William Burhans, Fred Lewis, William Doyle, J. Charles Suderly, William L. Finger, John Fraisher, President G. H. Austin, of the Catskill Chamber of Commerce, represented that village.

Rotary Club Enlivening.

The Kingston party left on the 11:12 train in the morning. West Shore railroad detectives, headed by Homer Gundsell, went through the car at Saugerties. The Rotary Club delegation contributed songs and otherwise enlivened the trip up.

So large was the Hudson Valley delegation that the hearing had to be held in the senate chamber and the local members looked quite at home in the seats of the Solons. Major Everett occupied the chair of Senate Majority Leader Brown, and all of the 51 seats were taken and the press desks and standing room were required for the party. While waiting for the senate to finish up its calendar, entertainment was found in the debate on Staten Island garbage disposal in the upper house and the passing of the local option measure in the assembly.

American Mineral Oil

PRACTICAL HEALTH HINT.

Use of Mineral Oil.

Dr. Le Tanneur contributes to the Paris Medical some practical points in the use of mineral oil in constipation. The oil, he says, is in no way digested or even modified by the juices of the stomach and intestines. It acts as a lubricant and nothing else, though it tends to heal abrasions of the intestinal wall caused by rough particles of food.

The New York Medical Journal says mineral oil should be taken either before breakfast or after dinner, two tablespoonfuls *being a dose.* Its use should be continued every day for at least a fortnight, when the bowels will continue to work naturally without it, for the mineral oil is in no sense a cathartic, but it will cure constipation.—Kingston Daily Freeman, February 17, 1917.

SEVEN LECTURES ON THE REFORMATION

First of the Series to be Given in the Y. M. C. A. Auditorium Next Sunday Afternoon.

This year is the 400th anniversary of the Protestant Reformation. All over the country plans are being made for a proper celebration of this far reaching event. Kingston is to share in the celebration beginning next Sunday afternoon at 3 o'clock at the Y. M. C. A. Auditorium. There will be a series of seven lectures on reformation subjects of general interest. These lectures will be presented on seven successive Sunday afternoons. Eminent speakers have been secured by the local committee. Numbered among the speakers are such men of prominence as Dr. Emmet W. Rankin, assistant secretary of the Federal Council of Churches of Christ in America; Dr. W. W. Rockwell, a recognized authority on reformation history, and professor of history at Columbia University, and Union Theological Seminary; Dr. G. B. Young, Dr. F. E. Oberlander, prominent clergymen of New York city, and the Rev. O. H. Paunkoke, executive secreary of the Quadricentenary Reformation Committee, who together with Dr. Rockwell published a complete bibliography of Reformation History.

The people of Kingston are furnished a rare opportupnity to hear from authorities the fundamental principles of the reformation retold and their influence upon the state, society and the individual.

The first lecture will be given by Dr. Emmet W. Rankin on the subject, "The Message of the Reformation to the 20th Century." The lecture will be at 3 o'clock Sunday afternoon at the Y. M. C. A. Auditorium.

No one who calls himself a Protestant can afford to miss these lectures. They will be informing and educational, not polemical. They will be presented from the standpoint of the unbiased historian who true to facts allow the facts to speak for themselves.

These lectures are open to men and women and there will be no admission charged. The committee, however, asks for a liberal support in attendance and offering to defray the expenses of the undertaking.

There will be special music at all these meetings. Miss LosKamp will sing at the first meeting Sunday afternoon.

TenBroeck Buys TenBroeck Stock.

The stock and fixtures of The TenBroeck Drug Company, which has been owned and handled by John E. Kraft and his son for some time past, was sold Wednesday to Charles C. TenBroeck who formerly owned the business and he took possession of the same and is now at the store looking after the same. The transfers were made through the office of Brinnier & Canfield.

He Left His Bundle.

Saturday afternoon a visitor at the county court house stopped into the sheriff's office to renew old acquaintances and when he left failed to take his bundle containing a pieces of ladies' wearing apparel. The article is being held at the sheriff's office and will be restored to the owner upon proper identification of the property.

SAUGERTIES FIRE LADDIES GIVE AID

House and Sawmill Burned at Shultis Corners But Autobus and Chemicals Came to Rescue of Adjoining Property.

About 12 o'clock Tuesday night Chief of Police Ricketson of Saugerties, was notified that a serious fire was raging at Shultis Corners and requested to send the Saugerties firemen to the scene. Chief Ricketson consulted Mayor Ziegler and Supervisor Fratsher and upon their advice, the fire bell was rung and summoned the firemen to the engine house, where they were apprised of the situation and immediately Van Buskirk's autobus and a number of other autos loaded with the laddies started for Shultis Corners. On arriving there the home and sawmill of Winfield G. Braby, a short distance back of the Mountain View hotel was found ablaze and the woods nearby was also afire. The local firemen had two extinguishers with them, and these were used to good effect in confining the flames, which fanned by the heavy wind, caused a nasty fire, and this saved the other houses in the vicinity. With the aid of brush whips and a fortunate change of the wind, the woods fire was "beat out." The house and saw mill were a total loss. How the fire started was not ascertained. Mr. Braby's loss is considerable as only recently he had installed new machinery valued at $1,100 in his mill. The fire began at 11 o'clock and it was about 3 Wednesday morning before it was subdued.

Many Women At D. A. R. House.

On Wednesday afternoon there were about fifty women at the D. A. R. House, Wiltwyck Chapter, ready to begin at once upon the necessary Red Cross work. Tables had been arranged for the work, a sewing machine had been installed, and Mrs. C. E. Hasbrouck who recently returned from New York headquarters where she had received first hand instruction in the making of surgical dressings, was ready to instruct the women in the work. Even for the first day, much was accomplished, both in the way of knitting for the submarine and in making the Red Cross surgical dressings. The chapter house will be open daily from 10 a. m. for the carrying on of this work, and the women of the city are urged to go in whenever they can and help as much as they can. This afternoon a similar meeting will be held at the chapel of the Rondout Presbyterian Church, under the direction of Mrs. Hasbrouck.

Took in Easter Millinery Display.

Mrs. Stokes, the head of the millinery department of the L. B. Van Wagenen Company, has just returned from Atlantic City where she spent Easter, and took cognizance of the millinery display of the socially elite of this section of the country. Just as Fifth Avenue on Easter is the one place to inspect the most notable styles of the best dressed women, yes, and men, in this country, our New Yorkers, so Atlantic City has for some time been the Mecca for those wishing to take note of the most approved fashions in millinery, and Mrs. Stokes has brought back with her the very last word in artistic and stylish head wear for the women of Kingston.

Highland Company Drilling.

A military company is being formed in Highland for regular defense work. W. H. Jordan has been elected acting captain and has drilled the men who have already volunteered. Drills will be held twice a week. There are thirty-two members at present and to fill out the ranks 115 men are wanted.

HIGH SCHOOL TO HOLD A DEBATE

What promises to be a red hot debate will be held in the high school auditorium Friday night at 8, when teams representing Poughkeepsie and Kingston High Schools meet in their annual clash. Poughkeepsie is sending up a strong team this year, but the local team composed of Edward Stelle, leader, Travis Gillette and Leonard Lockwood and Aubrey Arnst being alternate in spite of war preparations are not letting up in their efforts to avenge last year's defeat at Poughkeepsie. The subject is an interesting one, "Resolved: That the Literacy Test of the Recently passed Immigration Bill will conduce to the welfare of the United States." Especially at this time when the aliens are playing such an important part in the present crisis, should the question prove interesting. As this will be the last interscholastic debate this year the people of Kingston should take advantage of this opportunity thus afforded and attend. The admission is 25 cents and 15 cents for the students. Tickets may be obtained from any of the members of the Debating Club or at the door.

HIGH WOODS.

High Woods, April 12.—Mrs. Alice Bovee of Poughkeepsie is visiting Miss Mary J. Carle.

Miss Evelyn Felter of West Camp visited her grandmother the past week.

Nelson W. Snyder of Ellenville spent Easter with his parents.

Miss Edna Kiersted, who has been spending some time with her aunt in Zena, has returned home.

Mr. and Mrs. Clarence Blackwell and son, Alton, of Kingston spent Sunday with Mr. and Mrs. Charles Braby.

Marvin Short of Poughkeepsie and Floyd Short of Mt. Marion spent Easter with their parents.

William Felter has moved to Kingston.

Everett Shader of Saugerties spent Sunday with his mother.

Mr. and Mrs. Clarence York and daughter, Mildred, of Saugerties, were the guests of Mr. and Mrs. Lewis York.

The Misses Mabel and Jessie Bogart of Ruby spent Thursday with Miss Dora Snyder.

Mrs. Amanda Felter and daughter, Emma, spent Sunday in West Camp.

Mr. and Mrs. Norman Snyder of Saugerties spent Sunday with his father, who is not so well at this writing.

Charles Braby attended Classis at Mt. Pleasant on Tuesday.

A quilting party was held at the home of Mrs. C. F. Snyder Wednesday. Those present were: Mrs. Amanda Felter and daughter Emma, Evelyn Felter of West Camp, Mrs. Alice Bovee of Poughkeepsie, Mrs. W. R. Snyder, Miss Mary J. Carle, Mrs. Fred Shader and children, Mrs. Addie Finger and last but not least came Grandma Snyder, who being nearly the eighty-four mark, took her place to make a few stitches, hoping she may meet to help on many more.

"Country Folks" Friday Evening.

Friday evening "Country Folks" will be presented by the Adriel Bible Class of the First Presbyterian Church at the Y. M. C. A. Auditorium, under the direction of T. H. Richards. The synopsis of the play, which is exceedingly entertaining, is as follows: Act 1—Home of Josiah Dean. Summer. Act 2—The same. One year later. Act 3—The same. A month later. Time—Recruiting volunteers to go to Mexican border. The following is the cast of characters; Josiah Dean, an old farmer, Ralph Griffin; Martha Dean, his wife, Mrs. Samuel Brown; Nathaniel Dean, their son, Will Swarthout; Polly Dean, their daughter, Mrs. H. C. Christian; Lorna Lane, a seamstress, Miss Minnie Sleight; Ozias Schuyler, the postmaster, H. C. Christian; Prudence Schuyler, his daughter, Mrs. R. Zeliff; Peter Patch, the chore boy, John Brown; Horatio Finch, a country lawyer, George Silver; Alvina Berry, a neighbor, Miss Jessie Sleight; Jake Diemar, R. Zeliff.

Saugerties Hearing Adjourned.

There was a hearing on Wednesday before Judge Chidester at Saugerties in the matter of the charge against M. Iannone and Frank Gallietta, charged with receiving several hundred dollars worth of stolen goods, consisting of shoes, etc. Ex-Mayor William D. Brinnier, who represented the defendants, applied for an adjournment which was opposed by a lawyer from New York, representing the Central New England Railroad, and George F. Kaufman. The judge granted the motion and the matter was adjourned until May 15, when an examination will be had. Many witnesses had been subpoenaed by the Railroad Company and from the Douglas shoe factory in Connecticut and things were made a little lively in Saugerties for a while.

Dutcher Freed by Jury.

Fred Dutcher was freed by a jury in recorder's court Wednesday evening of the charge of stealing copper from the Emerson motor plant where he was employed as watchman. It took the jury just ten minutes to reach a verdict after hearing the evidence produced at the trial. Mr. Dutcher was represented by Judge N. Frank O'Reilly with W. H. Grogan of counsel, while Frank W. Brooks represented The People.

Sheriff to Sell a Dredge.

Sheriff Shultis will sell under an execution the hydraulic dredge Esopus of the A. R. Powley Dredging Construction Company at the dock at Kingston Point on April 21, at 10 o'clock.

Passover Services.

Passover services will be held at Temple Emanuel this evening at 7:30 o'clock and Friday morning at 10 o'clock.

WOMEN LISTEN TO TALKS ON SCHOOL

Three Counties Represented in Conference of Parent-Teachers' Associations in Session Today in Kingston—Supt. Michael Among the Speakers.

With an attendance of about thirty women delegates from Orange, Ulster and Dutchess counties, the conference of Parent-Teachers' Associations of this district opened this morning at the High School Auditorium. A brief reception for out of town guests was followed by the offering of prayer by the Rev. Dr. Putnam Cady and an address of welcome by Mayor Canfield, who laid stress upon the work of women of the world today in war and preparations therefor, especially praising the objects and activities of the Parent-Teachers' Associations which, the mayor believes, are an invaluable auxiliary to the school system. The freedom of the city was presented to the visitors by the mayor and, after a most pleasing violin solo by Miss Katherine Van Buren, the business of the session was taken up with Mrs. P. J. Gallagher as the leader in charge.

Three minute reports from the various clubs in the district followed and these proved of such interest that the time was practically all taken up and the paper by Mrs. W. A. Saltford of Poughkeepsie on State Congress and Federation Work was postponed until the afternoon session.

At 12:30 o'clock luncheon was served at the Y. M. C. A. Among the delegates and visitors registered at the opening of the session were: Mrs. John H. Link, Mrs. Charles Brice, Saugerties; Mrs. Louise Hutton, Mrs. Martha Lang, Mrs. Robert E. Carpenter, Kingston; Mrs. Robert W. Andrews, Mrs. George B. Waterman, Mrs. C. C. Andrews, Mrs. Theo. Lake, Mrs. George Champion, Poughkeepsie; Miss Jennie A. Van Hoesen, Saugerties; Mrs. Frank W. Thompson, Mrs. Anna M. Motrie, Mrs. Tracy Tillson, Mrs. W. R. Anderson, Mrs. G. H. Clarke, Mrs. W. J. Whiston, Kingston; Mrs. A. S. Peckham, Mrs. W. A. Saltford, Mrs. Seldon H. Hall, Mrs R. A. Becker, Mrs. A. A. Robertson, Mrs. W. H. Edson, Poughkeepsie; Mrs. James Barnett, Mrs. B. W. Healy, Mrs. W. N. Gill, Mrs. O. M. Kennedy, Mrs. A. J. Keefe, Mrs. William Morey, Mrs. Ella Maher, Mrs. R. E. Leighton, Kingston; Mrs. J. Harvey Ward, Mrs. William Guy, Newburgh.

The Afternoon Session.

Prayer by the Very Rev. Dean John J. Hickey opened the afternoon session, after which Superintendent Michael gave a brief talk and Mrs. Saltford, a most attractive and interesting speaker, told of affairs with the State Congress and Federation Work. Mrs. J. B. Osterhoudt sang a solo.

Dr. Elmer S. Redman, superintendent of schools of Port Chester, gave his celebrated lecture on "That Boy." The speaker covered the problem of the boy's education and early training, speaking from the wealth of long experience with the American juvenile. His talk was deeply appreciated by his audience.

There was a much larger attendance at the afternoon session and a patriotic note was sounded by the speakers, the conference closing with the singing of "The Star Spangled Banner."

ADVERTISEMENT WRITING.

UNWISE advertising economy is an acquired habit with many merchants, like olives and moving pictures, but when the habit is continued—curtain! They seem to believe that each time they blackjack a dollar and lay it away on ice, withdrawing it from their advertising expenditures, they have done wisely. Really, such business men are short-changing themselves. Well written advertisements are business getters. The other kind won't do at all. Let me write you advs. with "pep and punch." George M. Zellmer, care of Kingston Freeman.

SAUGERTIES.

Saugerties, April 12.—Miss Maude Mountross of Montross street, who has been spending a few days with her mother in Schenectady, has returned.

Mrs. A. Houghtaling, who has spent the winter in New York city, has returned and opened her home on Main street.

Harold Van Voornis and wife have returned from their wedding trip and are now residing in their newly furnished home on Ulster avenue.

STEWART WAS STEWED.

Usual Ending to Stories Told of German Plots and Plotters.

William L. Stewart, who made affidavits of overhearing a plot to destroy the Poughkeepsie bridge, is regarded as an eccentric by his neighbors in Walden where he resides. The Poughkeepsie police are said to have been told by Stewart's wife that the man "is crazy when he's sober so you can imagine what he is when drunk." Stewart's tale was about a body of German citizens plotting to dynamite bridges.

Wiltwyck Cemetery Election.

At the annual meeting of the Wiltwyck Rural Cemetery Association held at Judge Clearwater's office this week, Everett Fowler, George Burgevin and Dr. E. H. Loughran were re-elected trustees; Judge Clearwater was re-elected president, Everett Fowler vice-president, Charles De La-Vergne secretary and treasurer, and Henry Down, superintendent. Many improvements were made to the cemetery grounds during the last year, the association having spent $7,307.29 for that purpose. There were fewer interments than in several years past. The new portion on West O'Reilly street is being developed in accordance with the planting map made by Downing Vaux, and the recently planted shrubbery is doing well.

Presbyterian Pilgrimage to Woodstock.

The ladies of the First Presbyterian Church have accepted an invitation from the ladies of the Woodstock Reformed Church to give the entertainment "An Old-Time Business Meeting at Mohawk Crossroads," in Firemen's Hall, Woodstock, Tuesday evening, April 17. The following talent will be heard at the ladies' "social hour:" Mrs. Ford Hummel, pianist; Gordon Burhans, soloist; Miss Catharine Van Buren, violinist; Mrs. Harry Van Wagenen, elocutionist; Charles Streeter, speaker; Marjorie Norwood and Raymond Wilbur will also sing two Japanese and Chinese songs in native costume.

Patriotism at School No. 2.

This morning witnessed the consummation of the first real act of patriotism on the part of the pupils of the fifth, sixth, seventh and eighth grades of School No. 2, Albert Brooks, principal. The school children have raised, by their own efforts, a sufficient sum of money to present the school with one large sized, handsome American flag on a standard, for the auditorium, and furthermore have presented each of the above mentioned grade rooms with smaller flags, which are also very nice ones. This morning the flags were put in place with appropriate exercises.

Spanish Steamer Torpedoed.

By Telegraph to The Freeman.

London, April 12.—Press speculation today on the sinking of the San Fulgencio, the first Spanish steamer torpedoed without warning since Germany began her unrestricted submarine war, revolved around the query: "Will Spain follow up her protest with any stronger action?" In view of the fact that apparently no Spanish were lost and in the face of Spanish domestic conditions the belief is widespread that Spain will content herself with her protest to Berlin.

Grange Dance at Katrine.

Next Tuesday evening the Lake Katrine Grange will begin a series of their always popular dances. Stephen Miller, with his able assistants, will furnish the music and refreshments will be for sale. Lecture to Spencer's Students.

Prof. Richard Coon of New York gave a very interesting and practical address to the students of Spencer's Business School at the school building on John street this morning. Prof. Coon chose for his discourse an excellent subject entitled, "Indicators." The students listened with attention to the remarks of the speaker, and several times his forceful language brought forth loud applause. The lecture was well received, and the young folks at Spencer's School were united in their praise of the fine advice given them. They hope for an opportunity of hearing him again at a later date.

Submarines in Pacific?

By Telegraph to The Freeman.

Washington, April 12.—Naval officials declined today to discuss the reported presence of German submarines in the Pacific. It is stated that all possible precautions have been taken to meet this evil. It is expected that American warships will co-operate with the Japanese in the Pacific along lines similar to those now in operation in the Atlantic.

Distilleries to Make Alcohol.

By Telegraph to The Freeman.

TROUBLE IN AACHEN.

Fires Break Out and Rumors of Serious Trouble are Rife.

By Telegraph to The Freeman.

London, April 12.—Serious disorders are reported to have broken out in Aix-la-Chappelle, Germany, according to press dispatches received here today. An Amsterdam telegram to the Chronicle says:

"A railway official on his arrival here from Germany said that great fires had broken out at Aix-la-Chappelle in four different parts of the city. He could not ascertain the cause, but it is believed that serious troubles have broken out there.

The same dispatch quoted a person who had just arrived in Holland from Hamburg as saying that an outbreak there is possible.

Aix-la-Chappelle, or Aachen, is one of the most important cities in northwestern Germany from a military standpoint. It is a great railway center and has been used by the German army as a distribution depot for men, guns, ammunition and provisions. Early in the war it was the base for the army that invaded Belgium.

SHOW PATRIOTISM AT FINE CONCERT

Spring Street Lutheran Church Easter Concert Proved Great Success—Large Audience Joins in Singing "America."

Most enjoyable in every way to the large audience was the fourteenth annual Easter Concert of the Spring Street German Lutheran Church which was given last night in the school hall and which will be repeated tonight. The hall was filled to its capacity and the musical numbers were exceptionally rendered and, with the recitations aroused deep appreciation among the audience.

The pastor, the Rev. A. Schmidtkonz, made a few opening remarks extending a cordial greeting and in conclusion said that although not on the program it would be fitting to open the concert with the singing of "America." Neatly printed slips bearing the American flag in colors and the words of the hymn and also "The Red, White and Blue," were passed around and all joined in, the audience standing throughout the singing of "America," showing that the spirit of patriotism is manifested most heartily among the German-American citizens of Kingston.

The different singers acquitted themselves with merit while the drills, especially that by the little tots, were well rendered as were the sketches and dialogue. It is likely that there will be another large audience on hand this evening to enjoy this excellent program.

ELLENVILLE.

Ellenville, April 12.—The Rev. W. H. Moser, who closed a very successful pastorate of four years at the Ellenville Methodist Episcopal Church, at the recent conference in New York was assigned to the pastorate of the Mt. Kisco M. E. Church of New York district with a handsome increase in salary, a fine church and parsonage. Dr. Moser served successfully a six year pastorate at Goshen, New York, before coming to Ellenville. He is a very able and scholarly preacher in the main, dealing with large subjects and very much alive to the temperance cause and all subjects of the day. A believer in congregational singing, a splendid leader and it has been conceded that the singing by the choir and large congregations during the years of his pastorate here to have been an inspiration, likewise the very able sermons delivered. His going will be a loss to the church and to the entire community, where he has ever been popular, but what is Ellenville's loss will be the gain of Mt. Kisco Church and people.

The ladies of the Dorcas Society will meet in the lecture room of the M. E. Church Thursday afternoon to sew for the Red Cross work and the ladies of the Aid Society will meet in same place and for the same purpose Friday afternoon.

The Easter dance held Monday night at the Wayside Inn dance hall was largely attended and a very delightful time was had by the young people attending. Music was furnished by an orchestra from Newburgh.

Miss Hull, daughter of Mr. and Mrs. C. B. N. Hull of Livingston Manor, visited her cousins, Mr. and Mrs. B. H. Terwilliger, this week.

The positions have been tendered the teachers of the local schools for ensuing year, but as yet no announcements have been made as to those who have accepted. A large portion of the teachers are from out of town and nearly all are spending the vacation in town.

It is expected that the Rev. J. E. Appley, late of Griffins Corners, recently assigned to the pastorate of the M. E. Church, will be present on Sunday and take charge of the services.

The Woman's Christian Temperance Union will observe Sabbath observance day on Wednesday afternoon next. The meeting will be held at the home of the superintendent of that department, Mrs. Ira Schoonmaker, on Main street, and she will have charge of the progam that is to be given.

The April meeting of the Missionary Society of the M. E. Church will be held at the home of Mrs. F. J. Potter on Park street. The leader will be Mrs. E. A. Smiley and the topic is "Africa."

MT. TREMPER.

Mt. Tremper, April 12.—A play, "The Face in the Window," will be given by home talent at the church hall on Saturday evening, April 14. Doors open at 7:45. Admission, 15 and 25 cents. A cordial invitation is extended to all to attend and spend an enjoyable evening.

The Easter song service given by the young people at the church on Sunday evening was very nicely rendered. The church was prettily decorated with lilies, roses and potted plants.

The Classis of Ulster met at the Reformed Church here Tuesday. Very nice services were held in the afternoon. We were very glad to see among the number our former pastors, the Rev. H. Brink and Rev. George Gulick. A very nice dinner was served to the ministers by the ladies in the church hall.

Miss Carol Meister is spending a few days in New York city.

Miss Mathilde Meister has returned from an extended stay in New York city.

R. D. Schell of Denver, Colorado, spent Sunday with William G. Meister.

In Appreciation.

To the neighbors and friends who have shown many kindnesses and acts of sympathy during the sickness of my mother and for their sincere sympathy and other acts since her death, we desire to extend our heartfelt thanks.

CRAP SHOOTERS PAY $5 FINES

Wednesday Officer Healey broke up a crap game on Murray street, and this morning three of the players were arraigned before Recorder Lang and each paid a fine of $5. The crap players were Benjamin Atkins, 21 years old, John Bailey, 16 years old and Ralph Enty, 15 years old. All three are colored boys.

In addition to paying a fine, each shooter signed a pledge to quit shooting crap for a period of six months. They were warned if they broke the pledge within that period that jail sentences would be imposed and they would not be let off with a fine.

The police and Recorder Lang are determined to break up the practice of shooting crap in this city.

PROFESSOR DEMGEN SUSTAINS STROKE

Just Preparing to Play Organ at Wedding in Livingston Street Lutheran Church—Removed to Home—Organist Over 30 Years.

Professor H. N. Demgen, organist at the Livingston Street Lutheran Church for over thirty years, was seized with a stroke Wednesday afternoon just as he was starting to play at a wedding ceremony in the church, and was removed to his home, No. 27 Livingston street, where he is being attended to by Dr. Chalker.

Professor Demgen had just mounted to the organ loft and had sat down on the bench preparatory to playing when he was seized and toppled over. Great excitement prevailed in the church.

He has been organist at the church for over thirty years, and was considered one of the best organists in Kingston. In addition he was principal of the parochial school of the church. Professor Demgen during his work with the church and school has made a wide circle of friends who hope for his recovery.

Vibrations Make Sound.

Anything stretched is likely to be thrown into vibration, or made to tremble, by the force of the air blowing against it. If it vibrates so fast as to produce the air waves that our ear can hear, then that is what we call sound. This is what happens to the telegraph wires when they hum; and if we put our hand on the telegraph pole we shall feel that the wires vibrate strongly enough to set the whole pole to trembling, too. When the air is quite still you will not hear the telegraph lines humming.

Cigarette reasons for preferring Camels!

As a critical smoker, give Camel cigarettes every tobacco test, *every cigarette satisfaction test*—purity and wholesomeness—quality and flavor. *Prove also* that Camels do not leave any unpleasant cigaretty aftertaste! And, you'll understand why men realize the value is in the cigarettes and do not look for premiums or coupons.

Then compare this expert blend of choice Turkish and choice Domestic tobaccos with any cigarette in the world at any price *for the final word in cigarette contentment!*

Camels are pure and attractively mild, yet behind every smooth, mellow puff there is "body" that meets the most exacting demands. The flavor is as delightful as it is refreshing!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages, 20 for 10c, or ten packages (200 cigarettes) in a glassine-paper-covered carton for $1.00. We strongly recommend this carton for the home or office supply or when you travel.

HIGHLAND.

Highland, April 12.—Last Friday was one of unpleasantness as far as the weather was concerned. Still over thirty ladies braved the storm and congregated at the home of Mrs. Joseph Schantz, where she, Mrs. W. Miller and Miss Mattie Schantz were the hostesses of the Auxiliary Club. The ladies gave every one a most cordial greeting and everything was smoothe-ailing in doors. The ladies seemed have finished their work early, preparatory to the afternoon at the club. The gavel in the hands of the president sounded at the proper time for business. There were few guests present. This society elects its officers at the first meeting in July. They have accomplished a great deal in the past year. Their work is principally to look after the needs in the parsonage, of furnishing and keeping the building in repair, assist in pastor's salary, do sunshine work of taking flowers to those who are ill and shut in, and for the past two years this club has sent to the Deaconess Home in New York city two barrels of canned fruit, put up in glass jars by the members, each barrel containing sixty jars each. This year they gave $20 as their Easter offering, besides many incidentals too numerous to mention, and the members of the club feel that as women they have most admirably handled the business economes and congratulate themselves upon the results. They have unlimited hope for the future and abiding faith in the people. They have undertaken their duties with enthusiasm that promises well for success. Some future ideas were brought forth, which will have proper notice, and all club work is in a flourishing condition. At this meeting Mrs. Decker, the president, was appointed as a committee of one to bring before her members for consideration a banquet to be given on May 7th for the Order of Eastern Stars, at which time the official visit of the D. D. G. M. and A. G. L. will take place. The club members voted to assume the responsibility of the affair, which they had done for 1914 and 1915, giving entire satisfaction. When business was finished a motion was made to adjourn. Then the ladies met and a jolly time. They visited incessantly and the hostesses served all with most delicious refreshments, and it was very plain to be seen that these ladies could get up a luncheon that would please the most fastidious, and after testing all these good things and talking some more on various topics all left with pleasant recollections of the club meeting with Mrs. Joseph Schantz and her assistants.

Miss Bertha Dumsey spent Sunday at Lloyd with her mother, Mrs. Ell Dumsey.

Mr and Mrs. Robert Weed of Marlborough were guests last week of Mr and Mrs A. P. Wilklow.

Mrs. Chester Atkins and daughter Ethel, spent Wednesday last in Poughkeepsie.

A runaway caused some excitement in town last week when Dr. Fireton's horse got away from the daughter and ran in the M. E. Church yard caught in the archway at H. Maynard's and took the seat and top from the wagon, and the horse was caught and not very much damage done. Every one should be very careful in regard to leaving horses standing without being tied for risky

Last Sunday a party consisting of Mrs. L. Upright, Miss Louisa Traphagen of this place and Miss Reynolds of Poughkeepsie, also Allen Atkins from here and the chauffeur, Charles Fowler, who has driven Mrs. Upright's car for some time, were on their way to Newburgh and by some hook or crook collided with another car, causing their car to turn over. Mrs. Upright has a broken arm, and the two ladies with her, we understand, are pretty well bruised but no bones broken. The chauffeur and Mr. Atkins escaped uninjured. The ladies are all as comfortable as can be under the circumstances. Mr Upright's car will certainly have to be overhauled for it was pretty well broken up. All may be thankful they came out with their lives.

Alfred Palmer of New Jersey was in town a few days on Grand street with his parents, Mr and Mrs. F. L. Palmer.

Mr. and Mrs Kipp have vacated the flat in the Henry Elting house on Church street and gone to reside near New Paltz.

Hobert Kurtz, son of Mr and Mrs Daniel Kurtz, of Wilcox avenue, who had the misfortune to break his wrist a short time ago, we are glad to report is getting along nicely and hopes soon to be out with the boys. Still we think he will be more careful in the future.

Theron DuBois from this place had charge of the Easter service at Lloyd Sunday.

Mr. and Mrs. Lewis Johnston had as their guest over Easter their daughter, Lillian, who is a student in college out of town.

Arthur Merritt's condition seems some better since he is in Poughkeepsie at Vassar Hospital. His relatives and friends hope he may gain rapidly and soon come home.

PINE GROVE.

Pine Grove April 12.—A dance was given at the home of Mr and Mrs Cowan at Daisy on Saturday evening, March 31st, in honor of their three daughters and Miss Jenkins of New York city, who were spending their Easter vacation at that place. About thirty guests were present and all had a right good time. Music was furnished by Andrew Simmons and son of Saugerties.

Over forty people attended the dance given by Mrs. Frederick Pfisterer at her home on Thursday evening. MATTERS BEFORE THE SURROGATE

The will of Elizabeth C. Judge of the town of Rosendale has been admitted to probate by Surrogate Gill in the surrogate's court. The testatrix gives her estate to her mother, Mary F. Freston, of Creek Locks, and appoints her aunt, Mrs. Ellen Sullivan of New York city, executrix. The will was executed September 1, 1915, and witnessed by D. G. Atkins and Harold Burroughs. The value of the real estate is $3,000 and there is no personal property. William H. Grogan appeared for the executrix.

The will of Mari M. Post of the town of Saugerties was admitted to probate. Jewelry and personal belongings are divided between two sisters, Eleanor P. Brown and Jessie D. Post, and the executrices are directed to erect a monument over the grave of the testatrix in the Mountain View Cemetery at Saugerties and also to pay such association an amount sufficient to provide perpetual care of her burial plot. The life use of the balance of the estate is given to her parents, John S. Post and Lavina S. Post, at whose death the sum of $100 each is directed to be paid to James M. Post, a brother; Carrie E. Post, a niece; Everett Post, a nephew, and the sum of $200 to John Post, a nephew; the remainder of the estate being given equally to Eleanor P. Brown and Jessie E. Post, who are appointed executrices. The will was executed June 20, 1910, and witnessed by Kathryn Palen and Alvin Palen. The value of the real estate is $1,750 and the personal property amounts to $2,425. Benjamin M. Coon appeared for the executrices.

The will of Mary A. J. E. Eastgate of Ellenville, whose provisions heretofore have been published, was admitted to probate. The executors are Louisa Sherman, Lillian Scoresby Clark and Frank B. Hoornbeek. The will was executed February 22, 1912, and witnessed by H. Westlake Coons and Harry C. Derby. The value of the real estate is $10,000 and the personal property amounts to $10,000. H. Westlake Coons appeared for the executors.

Letters of administration on the estate of Mrs. Jane Hoffman of this city were issued to her son, Henry J. Hoffman. The value of the real estate is $8,000 and the personal property amounts to $10,000. Virgil B. Van Wagonen appeared for the administrator.

Letters of administration on the estate of William L. Brink of Lake Katrine were issued to his son, Frank M. Brink. The value of the real estate is $6,000 and the personal property amounts to $12,000. Henry R. DeWitt appeared for the administrator. An order also was granted appointing Joel Brink and Cornelius Dumond appraisers of the estate.

"A Horseshoe with every Tire"

Harris Brown

THIS "wish you well" stuff is all right for conversation, but I must deliver more than that or go out of business. Therefore, I investigated before I tied up with DIAMOND "Squeegee" Tires.

What I found in Diamond performance looked good to me.

So when we say that Diamond Tires are good enough for us to stake our reputation on, we mean that Diamonds are mighty good tires.

You don't need to pay a cent more than the price of a Diamond Tire for all the service and mileage you can ever hope to get from any tire.

Get the habit of coming into our store for free air, gasoline and accessories.

Let us look your present tires over occasionally. We may be able to tell you how to get more mileage out of them.

Every Diamond Tire must deliver full value in service. If ever a Diamond Tire fails, a cheerful, willing adjustment will be promptly made.

WOMEN LISTEN TO TALKS ON SCHOOL

Three Counties Represented in Conference of Parent-Teachers' Associations in Session Today in Kingston—Supt. Michael Among the Speakers.

With an attendance of about thirty women delegates from Orange, Ulster and Dutchess counties, the conference of Parent-Teachers' Associations of this district opened this morning at the High School Auditorium. A brief reception for out of town guests was followed by the offering of prayer by the Rev. Dr. Putnam Cady and an address of welcome by Mayor Canfield, who laid stress upon the work of women of the world today in war and preparations therefor, especially praising the objects and activities of the Parent-Teachers' Associations which, the mayor believes, are an invaluable auxiliary to the school system. The freedom of the city was presented to the visitors by the mayor and, after a most pleasing violin solo by Miss Katherine Van Buren, the business of the session was taken up with Mrs. P. J. Gallagher as the leader in charge.

Three minute reports from the various clubs in the district followed and these proved of such interest that the time was practically all taken up and the paper by Mrs. W. A. Saltford of Poughkeepsie on State Congress and Federation Work was postponed until the afternoon session.

At 12:30 o'clock luncheon was served at the Y. M. C. A. Among the delegates and visitors registered at the opening of the session were: Mrs. John H. Link, Mrs. Charles Brice, Saugerties; Mrs. Louise Hutton, Mrs. Martha Lang, Mrs. Robert E Carpenter, Kingston; Mrs. Robert W Andrews, Mrs. George B. Waterman, Mrs. C. C. Andrews, Mrs. Theo. Lake, Mrs. George Champion, Poughkeepsie; Miss Jennie A. Van Hoesen, Saugerties; Mrs. Frank W. Thompson, Mrs. Anna M. Motrie, Mrs. Tracy Tillson, Mrs. W. R. Anderson, Mrs. G. H. Clarke, Mrs. W. J. Whiston, Kingston; Mrs. A. S. Peckham, Mrs. W. A. Saltford, Mrs. Seldon H. Hall, Mrs R. A Becker, Mrs. A. A. Robertson, Mrs. W. H. Edson, Poughkeepsie; Mrs. James Barnett, Mrs. R. W. Healy, Mrs. W. N. Gill, Mrs. O. M. Kennedy, Mrs. A. J. Keefe, Mrs. William Morey, Mrs. Ella Maher, Mrs. R. E. Leighton, Kingston; Mrs. J. Harvey Ward, Mrs. William Guy, Newburgh.

The Afternoon Session.

Prayer by the Very Rev. Dean John J. Hickey opened the afternoon session, after which Superintendent Michael gave a brief talk and Mrs. Saltford, a most attractive and interesting speaker, told of affairs with the State Congress and Federation Work. Mrs. J. B. Osterhoudt sang a solo.

Dr. Elmer S. Redman, superintendent of schools of Port Chester, gave his celebrated lecture on "That Boy." The speaker covered the problem of the boy's education and early training, speaking from the wealth of long experience with the American juvenile. His talk was deeply appreciated by his audience.

There was a much larger attendance at the afternoon session and a patriotic note was sounded by the speakers, the conference closing with the singing of "The Star Spangled Banner."

SAUGERTIES.

Saugerties, April 12.—Miss Maude Mountross of Montross street, who has been spending a few days with her mother in Schenectady, has returned.

The seniors of the Saugerties high school returned from their Washington trip Wednesday evening. All report a very enjoyable time.

Miss Emma Rankin of Albany is visiting friends in town.

Miss Anna McCabe of Jersey City is the guest of her sister, Mrs. George McNally, on Russell street.

Charles Van Buskirk and family are moving into their new home on Main street.

Mrs. A. Houghtaling, who has spent the winter in New York city, has returned and opened her home on Main street.

Harold Van Voorhis and wife have returned from their wedding trip and are now residing in their newly furnished home on Ulster avenue.

STEWART WAS STEWED.

Usual Ending to Stories Told of German Plots and Plotters.

William L. Stewart, who made affidavits of overhearing a plot to destroy the Poughkeepsie bridge, is regarded as an eccentric by his neighbors in Walden where he resides. The Poughkeepsie police are said to have been told by Stewart's wife that the man "is crazy when he's sober so you can imagine what he is when drunk." Stewart's tale was about a body of German citizens plotting to dynamite bridges.

ADVERTISEMENT WRITING.

UNWISE advertising economy is an acquired habit with many merchants, like oilers and movies pictures, but when the habit is continued—certain: They seem to believe that each time they blackjack a dollar and lay it away on ice, with-drawing it from their advertising expenditures, they have done wisely. Really, such brilliant men are short-changing themselves. Well written advertisements are business getters. The other kind won't do it all. Let me write you some with "pep and punch." George M. Lecture to Spencer's Students.

Prof. Richard Coon of New York gave a very interesting and practical address to the students of Spencer's Business School at the school building on John street this morning. Prof. Coon chose for his discourse an excellent subject entitled, "Indicators." The students listened with attention to the remarks of the speaker, and several times his forceful language brought forth loud applause. The lecture was well received, and the young folks at Spencer's School were united in their praise of the fine advice given them. They hope for an opportunity of hearing him again at a later date.

TROUBLE IN AACHEN.

Fires Break Out and Rumors of Serious Trouble are Rife.

By Telegraph to The Freeman.

London, April 12.—Serious disorders are reported to have broken out in Aix-la-Chappelle, Germany, according to press dispatches received here today. An Amsterdam telegram to the Chronicle says:

"A railway official on his arrival here from Germany said that great fires had broken out at Aix-la-Chappelle in four different parts of the city. He could not ascertain the cause, but it is believed that serious troubles have broken out there.

The same dispatch quoted a person who had just arrived in Holland from Hamburg as saying that an outbreak there is possible.

Aix-la-Chappelle, or Aachen, is one of the most important cities in northwestern Germany from a military standpoint. It is a great railway center and has been used by the German army as a distribution depot for men, guns, ammunition and provisions. Early in the war it was the base for the army that invaded Belgium.

What Became of $888?

SHOW PATRIOTISM AT FINE CONCERT

Spring Street Lutheran Church Easter Concert Proved Great Success—Large Audience Joins in Singing "America."

Most enjoyable in every way to the large audience was the fourteenth annual Easter Concert of the Spring Street German Lutheran Church which was given last night in the school hall and which will be repeated tonight. The hall was filled to its capacity and the musical numbers were exceptionally rendered and with the recitations caused ... the audience.

The pastor, the Rev. A. Schmidtkonz, made a few opening remarks extending a cordial greeting and in conclusion said that although not on the program it would be fitting to open the concert with the singing of America. Neatly printed slips bearing the American flag in colors and the words of the hymn and also the Red, White and Blue were passed around and all joined in the audience standing throughout the singing of America, showing that the spirit of patriotism is manifested most heartily among the German American citizens of Kingston.

The different singers acquitted themselves with credit while the drills especially that by the little tots were well rendered as were the sketch and dialogue. It is likely that there will be another large audience on hand this evening to enjoy this excellent program.

ELLENVILLE

Ellenville, April 12.—The Rev. W. H. Moser, who closed a very successful pastorate of four years at the Ellenville Methodist Episcopal Church at the recent conference in New York, was assigned to the pastorate of the Mt. Kisco M. E. Church of New York district with a handsome increase in salary, a fine church and parsonage. Dr. Moser served successfully a six year pastorate at Goshen, New York, before coming to Ellenville. He is a very able and scholarly preacher in the main, dealing with large subjects and very much alive to the temperance cause and all subjects of the day. A believer in congregational singing, a splendid leader, and it has been conceded that the singing by the choir and large congregations during the years of his pastorate here to have been an inspiration. Likewise the very able sermons delivered. His going will be a loss to the church and to the entire community where he has ever been popular, but what is Ellenville's loss will be the gain of Mt. Kisco Church and people.

The ladies of the Dorcas Society will meet in the lecture room of the M. E. Church Thursday afternoon to sew for the Red Cross work and the ladies of the Aid Society will meet in same place and for the same purpose Friday afternoon.

... night at the Wayside ... hall was largely attended and a very delightful time was had by the young people ... Music was furnished by an orchestra from Newburgh.

Miss Hull, daughter of Mr. and Mrs. C. B. N. Hull of Livingston Manor, visited her cousins Mr. and Mrs. B. H. Terwilliger this week.

The positions have been tendered the teachers of the local schools for ensuing year, but as yet no announcements have been made as to those who have accepted. A large portion of the teachers are from out of town and nearly all are spending the vacation in town.

It is expected that the Rev. J. J. Apple, late of Griffins Corners, recently assigned to the pastorate of the M. E. Church will be present on Sunday and take charge of the services.

The Woman's Christian Temperance Union will observe Sabbath observance day on Wednesday, from ... The meeting will be held at the home of the superintendent of that department, Mrs. ... Schoonmaker, on Main street, and she will have charge of the program that is to be given.

The April meeting of the Missionary Society of the M. E. Church will be held at the home of Mrs. E. J. Foster on Fail street. The leader will be Mr. E. A. Smith and the topic is Africa.

MT. TREMPER

Mt. Tremper, April 1 ... A play, The Fire in the Window, will be given by home talent at the church hall on Saturday evening, April 14. Doors open at ... Admission ... is extended to all to attend and spend an enjoyable evening.

The Easter song service given by the young people at the church on Sunday evening was very nicely rendered. The church was prettily decorated with lilies, roses and potted plants.

The Classis of Ulster ... Reformed Church ... Tuesday ... held in the afternoon. We were very glad to see among the number our former pastor, the Rev. H. Bank and Rev. George Gulick. A very nice dinner was served to the ministers by the ladies in the church hall.

CRAP SHOOTERS PAY $5 FINES

Wednesday Officer Healey broke up a crap game on Murray street and this morning three of the players were arraigned before Recorder Lang and each paid a fine of $5. The crap players were Benjamin Atkin, 21 years old, John Bailey, 16 years old and Ralph Ents, 17 years old. All three are colored boys.

In addition to paying a fine each shooter signed a pledge to quit shooting craps for a period of six months. They were warned if they broke the pledge within that period that jail sentences would be imposed and they would not be let off with a fine.

The police and Recorder Lang are determined to break up the practice of shooting craps in the city.

PROFESSOR DEMGEN SUSTAINS STROKE

Just Preparing to Play Organ at Wedding in Livingston Street Lutheran Church—Removed to Home—Organist Over 30 Years.

Professor H. N. Demgen, organist at the Livingston Street Lutheran Church for over thirty years, was seized with a stroke Wednesday afternoon just as he was starting to play at a wedding ceremony in the church, and was removed to his home, No. ?7 Livingston street, where he is being attended by Dr. Chalker.

Professor Demgen had just mounted to the organ loft and had sat down on the bench preparatory to playing when he was seized and toppled over. Great excitement prevailed in the church.

He has been organist at the church for over thirty years and was considered one of the best organists in Kingston. In addition he was principal of the parochial school of the church. Professor Demgen during his work with the church and school has made a wide circle of friends who hope for his recovery.

Vibrations Make Sound

Anything stretched is liable to be ... made to tremble by the force of the air blowing against it. If it vibrates so fast ... that our ear can hear it, that is what we call sound. This is what happens to the telegraph wires when they hum, and if we put our hand on the telegraph pole we shall feel that the wires vibrate strongly enough to set the whole pole to trembling too. When the air is quite still you will not hear the telegraph lines humming.

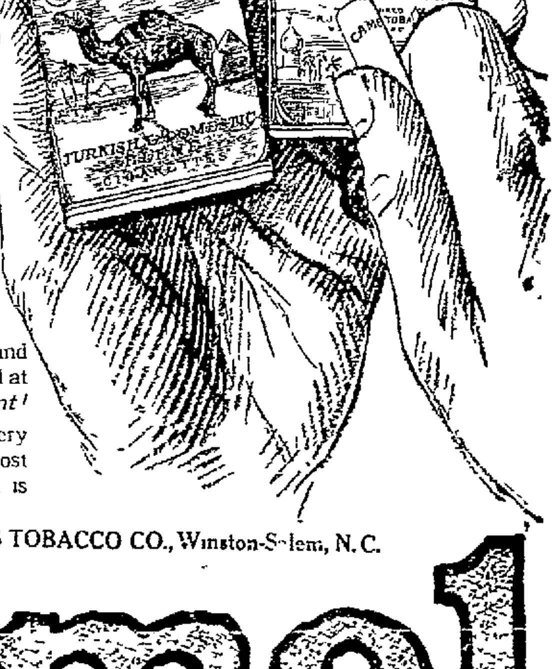
Cigarette reasons for preferring Camels!



As a critical smoker, give Camel cigarettes every tobacco test *every cigarette satisfaction test*—purity and wholesomeness—quality and flavor. *Prove also* that Camels do not leave any unpleasant cigaretty after-taste! And, you'll understand why men realize the value is in the cigarettes and do not look for premiums or coupons.

Then compare this expert blend of choice Turkish and choice Domestic tobaccos with any cigarette in the world at any price *for the final word in cigarette contentment!*

Camels are pure and attractively mild, yet behind every smooth, mellow puff there is "body" that meets the most exacting demands. The flavor is as delightful as it is refreshing!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

Camels are sold everywhere in scientifically sealed packages of 20 for 10c; or ten packages (200 cigarettes) in a glassine-paper-covered carton for $1.00. We strongly recommend this carton for the home or office supply or when you travel.
